"HIGH-UP" IN POSTAL SERVICE IS ACCUSED COMPLICITY IN BIG ROUNDUP HOLDUP

Chicago, Aug. 27 (INS).—A shake-up that will rock the postal department in the mid-west was in the making here today on the heels of the arrest of Postal Inspector William F. Fahey and his arraignment on the sensational charge of being the brains of the \$2,000,000 roundup robbery June 12.

Through further pursuit of investigations which led to Fahey's arrest postal officials hope to connect a series of big postal robberies over a period of several years—at Toledo, Dulman, Ill., Omaha and the Union stations here with the Roundup raid.

Chicago, Aug. 27 (INS).—William F. Fahey, postoffice inspector held as the "brains" of the \$2,000,000 roundup mail robbery, has confessed to complicity in the crime, Chief Postal Inspector C. H. Clapham of New York stated today. "Fahey insisted he had no bad intent in becoming mixed up in the job," Clapham said. He refused to go into details of the degree or character of Fahey's alleged participation in the crime.

Other smaller robberies which may be linked up with the raids which postal inspectors say show the hall mark of the same master crook's handiwork, were in Harvey, Ill.; Whiting, Ill.; Elmhurst and East Chicago, Ind. and St. Louis.

In every instance the bandits have struck at a strategic time, when heavy shipments of currency or negotiable bonds were in transit and have not been in finding the loot they sought.

Inspectors today were enroute to Leavenworth, Kansas to question "Big Tim" Murphy, convicted of leading the Union Station mail robbery, in hope that he would add to the information they say they have already received.

According to Chief Inspector Clapham, in charge of the investigation that led to Fahey's arrest, the evidence against the latter is "absolute."

"You may be sure the post office authorities would not have arrested and charged Fahey unless they knew they had the goods on him," he said. "We are convinced from evidence we have obtained that the same bandit that planned the Roundup robbery schemed the others in this part of the country."

"We are convinced also that Fahey planned Big Tim Murphy in the Union Station robbery and Government inspectors now enroute to Leavenworth will try to get Murphy to tell all he knows about the man higher up."

The tip "watch Fahey" came from one of the confessed participants in the robbery. Fahey himself had said from the first that the gigantic robbery was planned by a "big man."

BARN DANCE NOT OBSOLETE, BY GUY!

Shippensburg, Pa., Aug. 28.—(INS).—Who says the old fashioned barn dance is obsolete? Daniel A. Barklow, local musician, who specializes on making stringed instruments, has played for ninety-six of them so far this year.

Barklow, one of the oldest fiddlers in this region, is the whole orchestra for these dances. He plays the guitar, mandolin, violin and banjo. However, the young folks don't do the old dances the folks did back twenty five years ago, Barklow says. Then they played several pieces and the fiddler just kept on going. Now he plays "Turkey in the Straw" once or twice and spends the rest of the evening playing the latest jazz pieces.

SECOND DAY OF INSTITUTE IS FULL OF INTERESTING TALKS AND MUSIC

The second day of the institute witnessed increased interest in the problems under discussion, by the various instructors. Each one is proving a specialist in his or her particular field. The music is becoming better with each session of the institute. Professor Taylor is a real leader and understands how to get the music out of his audience. Quite a number of new songs, suitable for their schools, are being learned by the teachers.

After devotional exercises and a period of song Miss Bragg took up the vitally important subject of Health Education. She emphasized the importance of health education in the early years of the child's life. She illustrated the possibilities of this work by telling of the work in the schools of Newton, Mass. In this town 24.9% of the pupils were underweight and undernourished five years ago and last May, only 4 per cent were underweight. They first inaugurated a campaign of education in the town until they got the cooperation of the patrons and then furnished mid-morning milk lunches, which were paid for by the children who could afford it and the others had them furnished free. The objective is to raise a better breed of people. The importance of food, rest, play and cleanliness was stressed.

Dr. Puffer next took up the study of "The Girl and her Life-Career." His fundamental thesis was that every vocation should be viewed in its relation to homemaking. Any vocation that does not contribute something to homemaking should be avoided by our girls. He then pictured the three kinds of homes: 1. Where man dominates and rules the

Young Stribling Thought To Be In No Condition For Berlenbach Fight

New York, Aug. 27. (INS).—Reports that Young Stribling, the Georgia light heavyweight, is suffering from a cold and is not in the best condition, caused a slight change in betting odds on the eve of his six-round bout with Paul Berlenbach here tonight. Stribling denied the cold was causing him any worry. Berlenbach, a recent graduate from amateur ranks, is a noted heavy hitter. Most experts picked Stribling to outpoint Berlenbach.

MISS MARY EALY

Daughter of Dr. John C. Ealy, deceased of Shellsburg and a member of one of the most prominent families in that section of Bedford county died at her residence Sunday afternoon, Aug. 24th, aged 83 years. The end came after a long illness during which she was tenderly cared for by a younger sister, Miss Ida, who with a brother John C. Ealy, of Clearfield and a sister Mrs. Anna Harmer, of Pittsburgh, survive. Funeral services were conducted from the home this afternoon by Rev. R. S. Caldwell pastor of the Presbyterian church of Shellsburg, of which congregation Miss Ealy was a life-long and consistent member and interment was made in the Shellsburg cemetery.—Altoona Mirror.

GO TO JERSEY SHORE TONIGHT

The local American Legion Band will leave this evening at 5 o'clock in two of the big Fullington jitneys for Jersey Shore. Following their arrival at Jersey Shore they will treat the citizenry of that town to one of their delightful open air concerts and tomorrow morning will accompany the Jersey Shore Lodge of Elks to the State Convention at Williamsport, where they will participate in the big parade and band concert, features of the big day of the convention.

Tarentum.—Mrs. David A. Conway 17, is the mother of twin girls, each weighing eight pounds at birth. Both the infants are hardy specimens.

License No. 1,000,000 Is Issued To Mrs. Paul Wright Of Erie, Penna.

Harrisburg, Aug. 27. (INS).—For the first time in the history of Pennsylvania, the millionth license tag was issued by the State Highway Department.

Tag number 1,000,000 was issued to Mrs. Paul D. Wright, of Erie.

The automobile division now begins its second series of passenger vehicle numbers. These numerals are prefixed with the letter A.

The tag "A-1" was issued today to Professor H. C. Hadley, Department of Agriculture, Harrisburg.

SHERIFF'S DEADLY GUN HALTS FLIGHT OF SMART ALEC WHO HOGGED THE BRIDGE

Another Smart Alec motorist came to grief shortly after the noon hour yesterday but it took a four mile chase and no less than three bullets from Sheriff Lowell's revolver to bring the sonofagun up with a round turn and land him before Squire Chorprenning.

For the past week or more a band of especially dirty, greasy and repulsive looking gypsies have been camping along the state highway between Bridgeport and Stronach, ostensibly while repairs were being made to one of the automobiles in which the foes of soap and water were traveling.

The county authorities were requested to hike the gypsies out of the community and yesterday afternoon Sheriff Lowell, his son, Deputy Sheriff Hummelbaugh and State Highway Patrolman Romanic started up to Bridgeport to order the gypsies to move on.

When the "one-way bridge" at Riverview was reached the Sheriff's car entered from this end just before a Marmon sports model bearing a Massachusetts license roared onto the bridge from the opposite side. A young lady was walking across the bridge and flattened herself against the side as the big car approached. The driver "stepped on" the gas and shot past the frightened girl. When he approached the Lowell car the Sheriff called to the driver to halt but the Massachusetts man politely invited him to "go to hell."

Over at Penfield they say hell is seven times hotter than you can get a stove, so Sheriff Lowell who hails from the Bennett River Valley, decided not to go there.

The Sheriff continued on across the bridge and turning quickly and giving his son the wheel the officers set sail after the Smart Alec from Cal Coolidge's state. He gave them a real race, but getting caught in a traffic jam near the borough line in East End the Sheriff managed to overtake his man. Again was the order given to stop and again was it jeeringly disobeyed as the Massachusetts man darted over the borough line and sped toward Woodland. Drawing his gun Sheriff Lowell took a crack at his rear tire and was forced to fire three shots before the man would halt.

The third shot "brought him to his milk" and he was placed under arrest. When taken before Squire Chorprenning the fellow gave his name as Conrad Hedin of Watertown, Mass., and said he refused to stop because the Sheriff was not in uniform. He was given some "hot stuff" on his duty to obey Pennsylvania's motor laws by the Sheriff and State Patrolman Romanic, after which he left \$13 in the hands of Squire Chorprenning to pay for his smartness and was then allowed to go his way with a better understanding of what is expected of the stranger within Pennsylvania's gates.

Pittsburgh.—Conference are under way here to adjust a wage dispute between the Theatre Managers' Association and the Musicians' Union. Preliminary discussions failed to solve the problem. Motion picture operators and stage hands of local houses have been granted an eight per cent wage increase on a two-year contract, with minor changes in working conditions.

IS YOUR CHILD IMMUNE FROM DIPHTHERIA

What a satisfaction and relief to parents to know they have nothing to dread for their little ones from this disease. And it is so easy to be sure. Teten, mothers!

If your child of pre-school age has the toxin anti toxin treatment just winter bring it to the Baby Clinic tomorrow—Thursday at Red Cross Headquarters, between the hours of one and five, and by the simple, Schick Test, have it declared immune.

Judging from the large number of mothers who brought their children last year for the toxin anti toxin, we know you will want to take this last step and be absolutely certain that diphtheria can NEVER attack your child.

Presbyterian Church Gains 27,335 Members During The Past Year

Philadelphia, Aug. 27. (INS).—The Presbyterian Church, netted a gain of 27,335 in its membership throughout the country during the past year, according to statistics released here at the national headquarters of the Church.

In addition, the report shows the Church had the largest number of members and spent more money for world-wide benevolence and congregational causes than at any time during its 137 years of existence. The total membership now it is shown is 1,830,928.

Gifts for benevolence, the report shows, totaled \$57,088,164. From this amount the following contributions were made: national missions \$5,581,760; foreign missions, \$4,084,322; Christian education \$1,756,582; pension fund, \$584,659; miscellaneous benevolences \$4,082,158.

Election Returns From Montana, South Carolina State Primary Voting

Helena, Mont., Aug. 27 (INS).—After running behind in the early returns, Gov. Joseph M. Dixon took a slight lead today over Lee Dennis, State Railway Commissioner in the race for the Republican gubernatorial nomination, on returns' form 156 out of 1,633 precincts.

Gus J. Erickson, Democratic candidate for Governor was far ahead of Judge Roy Ayers.

Columbia, S. C. Aug. 27 (INS).—A second primary to determine whether Cole L. Blease or James F. Byrnes shall be nominated for the United States Senate seemed more certain today as returns poured in from yesterday's primary, giving none of the four candidates a majority.

DROPPED DEAD MONDAY

The remains of a man named D. Wardley, who dropped dead while at work Monday last at the new coal stripping operation, Blanchard Siding below Karthaus, were brought to the Thompson undertaking rooms on West Locust, where the body was prepared for burial and will be held until word can be got through to the relatives or family of the deceased.

Wardley, who is about 48 years of age, is from Cramer, Pa., where he is said to have a wife and two children.

NO EXAMS FOR DRIVERS SEPT. 1

Harrisburg, Aug. 28 (INS).—No examinations will take place on Monday, (Labor Day) Sept. 1, of persons holding learners' permit cards, the State Highway Department announces. These applicants whose learners' permits will have expired on Sept. 1 will be examined on the next regular examining day.

IMPORTANT ROADS OF PENNSYLVANIA ARE ALL NAMED AND ARE NOW NUMBERED

Harrisburg, Aug. 27 (INS).—Important trans-Pennsylvania thoroughfares are all numbered, the State Highway Department announces, and the traveler need only follow a large white number on black background, keystoned on telephone and telegraph poles, to find his way from one end of the State to the other. The numbered highways are:

No. 1. The Lincoln Highway, from Pittsburgh to Trenton.

No. 2. The Lackawanna Trail, from the New York line via Scranton, Stroudsburg and Easton to Doylestown and Philadelphia.

No. 3. The William Penn Highway, from Pittsburgh thru Hollidaysburg, Huntingdon, Lewistown, Harrisburg, Lebanon, Reading, Allentown and Bethlehem to the New Jersey line at Easton.

No. 4. The Susquehanna Trail, from Lawrenceville via Williamsport, Sunbury and Harrisburg to York and the Maryland line at Shrewsbury.

No. 5. The Lakes-to-Sea Highway, from Erie via Waterford, Meadville, Franklin, Clarion, Brookville, and Clearfield to Tyrore.

No. 7. The Roosevelt Highway, from Erie to Millport via Warren, Coudersport, Towanda and Scranton.

No. 9. The Chicago-Buffalo Route, via Erie.

The State Highway Department, within a few days will announce the official locations of Routes No. 6, 8, 10, 11.

A HOLIDAY IN ITALY

The Careful Cleaners' Class of the United Brethren church, Woodland, Pa., will portray a street scene during a holiday in Italy, Thursday evening Aug. 28 on the streets surrounding the New York Central depot.

The Italian band of Clearfield directed by Prof. Meili will furnish the music for the program. The Italian Queen will be there in state and many merrymakers will perform for her entertainment.

The pageant depicts the real street scene such as you would see were you to visit Italy on such a gala occasion, with stands for food, groceries, vegetables, live stock, hot doggies, trinkets, etc., etc. A real entertainment colorful and musical will greet all folks who pass by or stop to mix with the merry makers.

BAD MAN ESCAPED FROM NEW CASTLE JAIL EARLY TODAY

New Castle, Pa., Aug. 27. (INS).—City and county authorities here were watching closely today for any trace of William Fisher who escaped from the Pennsylvania hospital for the criminal insane on Monday night.

Fisher and Sam Rooss were captured at Toledo, Ohio, following the \$53,000 robbery of the Union National Bank here some years ago by four men. The escaped robber was believed to have been a member of a powerful bandit gang, and the opinion was expressed here that the band may have given him "inside" assistance in his escape.

Fisher pleaded guilty when returned here to answer the robbery charges.

WILSON & CO. AUTHORIZED TO CONTINUE BUSINESS

New York, Aug. 27. (INS).—The New York receivers appointed by Judge Bundy in the federal court have agreed to permit Wilson & Co. to re-enter the live stock market and accordingly, Thomas E. Wilson, president of the corporation, today sent orders to the Chicago offices to resume production with the assurance that plenty of cash is on hand.

SCHOOL OPENING IS DELAYED UNTIL 15TH OF SEPTEMBER FOR CERTAIN OF GRADES

The remodeled Junior High School will not be ready for business when the rest of our public schools open on Tuesday, September 2. The contractors have been rushing the work every hour of the day for the past several weeks but find it absolutely impossible to have the building ready for opening day.

However, everything will be in readiness by Monday, September 15th and the Junior High School is scheduled to open on that date. This unavoidable delay means that Sixth Grade pupils assigned to the Junior High building, all Seventh Grade pupils, all Eighth Graders and all Freshmen will be asked to report at the Junior High on Monday, Sept. 15th, ready to take up their studies for the term.

Both pupils and parents should make a note of this to avoid misunderstanding.

P. O. S. of A. Delegates Uphold Firing Of Hon. W. S. Vare From Order

Allentown, Pa., Aug. 27. (INS).—Congressman William S. Vare's expulsion from the Patriotic Order Sons of America by the executive committee of that order was unanimously upheld here today by the delegates to the annual state camp meeting in session here.

Allentown, Pa., Aug. 27. (INS).—Expulsion of all those members of Camp No. 594, Patriotic Order Sons of America, who endorsed the attitude of Congressman William S. Vare on the Johnson immigration bill and the revocation of the camp charter, has been recommended to the state camp, now meeting here, by the executive committee. This action is also recommended by President James Pyle and Secretary Charles B. Helms in their annual reports.

PENNSY-GRAMS

Pittsburgh.—members of the eighth or Blue Ridge Division continued to flock into Pittsburgh today for the annual reunion of the organization. Registration of delegates was the chief work of the day. A smokewill be held tonight. The reunion will last five days. Many sightseers, trinkets and entertainment features are on the program.

Pittsburgh.—Just as she was about to enter her son-in-law's automobile Mrs. Eva Perlow, 48, was struck by another machine in Baum Boulevard and died on the way to a hospital. John R. Devitt, driver of the death car, was arrested and held for the coroner.

Pittsburgh.—That Pittsburgh is now free of the small pox epidemic which threatened to reach serious proportions is evidenced by the lifting of the bans affecting the Home at Woodville. Visitors will now be permitted at the two institutions as heretofore.

Scranton.—No trace has been found of Joseph Howard and William Fisher who escaped from the Pennsylvania Hospital for the criminal insane here Monday night by flourishing revolvers in the face of their keepers and forcing them to unlock the doors. Howard was serving a long sentence for a Philadelphia robbery while Fisher was implicated in a bank robbery at New Castle.

Philadelphia.—Miss Ruth Malcolmson has been selected as "Miss Philadelphia" to represent the city at the Atlantic City beauty pageant next week. Miss Malcolmson won the silver fish in the amateur beauty contest in last year's pageant.

Pittsburgh.—Robert Galloway, acting police lieutenant, is dead here, the victim of a bullet fired accidentally by a brother officer. A crowd in front of a saloon had attacked Patrolman Daniel Owens, and Galloway went to his assistance. Owens had drawn his pistol and it was accidentally discharged, fatally wounding Galloway. No action against Owens is planned.

HERE THEY ARE! 18 PAGES OF \$ DAY OFFERINGS OF GREAT VALUE

In today's Progress you will find the first installment of the Dollar Day offerings. And that these offerings are better than anything you have seen before goes without saying upon a perusal of the advertisements.

The Clearfield merchants have labored long and faithfully to make this Dollar Day one of the greatest the city has ever seen. That they have succeeded is apparent. That you will have many opportunities to save money is a foregone conclusion.

All that is needed now is for every bargain loving person within a radius of thirty miles to ask the weatherman to give us a fine day on Friday, and everything will be set for a great day.

The invitation is out for everyone who can get to the stores on Friday, to use every effort in getting there. The offerings are in the stores for the thrifty and the prices are a great deal lower than they have been on any Dollar Day since the inception of the event.

Clearfield merchants invite you to visit them on Friday. You'll save money by accepting their invitation.

Dr. Bailey, Harrisburg Doctor Held For Murder, To Get Hearing Monday

Harrisburg, Pa., Aug. 27. (INS).—Dr. Cornelius L. Bailey, prominent central Pennsylvania physician, will be given a preliminary hearing on a charge of murder in connection with the death of Mrs. Anna Manbeck, late this week or on Monday, District Attorney Fox announced. The shooting occurred June 1, when Dr. Bailey was found wounded at the same time Mrs. Manbeck was found dead in his office. Dr. Bailey has been in a hospital up until a month ago, when he was removed to the prison hospital.

Zeppelin ZR-3 Makes Successful Trial Trip; Built For U. S. Navy

Friedrichshafen, Germany, Aug. 27. (INS).—The giant dirigible ZR-3 built at the Zeppelin factory for the United States navy, made her first trial flight this afternoon. The dirigible took the air just before 3 o'clock for a test flight. A number of American naval officers have been here advising the Germans regarding the dirigible's construction.

"BACK TO BEARDS," CRY RECALTRANT SPOUSES; "SPITE BEAVERS" BLOOM WHEN WIVES BOB LOCKS

Washington, Aug. 24.—Seventeen male customers of a well known and fashionable barber shop have announced to their tonsorial artists that they will never shave again until their wives let their hair grow out. They will raise "spite" beards as a protest against bobbed hair.

"Bob your hair, and I will let my whiskers grow until they reach 'my shoes,' these rebel husbands warned, but their wives did not heed them. Now the war is on.

Randolph Green, social leader, pointed to a three-day beard today, declaring:

"It is there to stay. We are going back to the age of hair, course of a few months. We are going to organize on a 100 per cent basis, and fight against short hair in earnest. None but men suffering from an overdose of bobbed hair at home are to be admitted."

ODDS AND ENDS AND THINGS

By J. D. C.

We don't know whether Mars has anything to do with it or not, but we know that from all over the country come stories of strange visitors dropping from the skies. They range from meteors to snakes and give rise to all sorts of rumors and wild tales. A writer in a recent issue of the Philadelphia Public Ledger furnishes the following concerning "strange things falling from the skies":

If a mass of black hair fell from the sky into a yard in Charleston, S. C., and came from some other world, it may be that a hundred years or so from now there will be something like general speculation upon the subject, according to Prof. Shepard, writing in the American Journal of Science, 1, 2870. This substance did fall from the sky. It fell luminously, glowing either phosphorescently or electrically. Whatever the material may have been, it was not ignited as anything known upon this earth. There was never any further attempt to find out anything about it.

More than 200 years ago, according to the history of Cloyne, a substance like butter fell from the sky for several months, as if from, or obviously from some imaginary region in the sky in several counties in Ireland. "Philosophical Transactions," 19-24. And for more than 200 years but has been speculation upon that occurred in scientific publications.

In the London Times, December 18, 1845, is described the fall of an unknown substance in Lowell, Mass. "The Lowell City," about four feet in diameter and weighing 432 pounds. This time an occurrence was reported in "The Boston Herald," in 1845. In 1846, a small ball of light was seen at Prof. H. S. Gage's by Ellen M. Andrews, of Manchester, N. H. which he said that her father had seen something fall from the sky into a tract of land in the Jolly-like mass, but it was "too small to see." But after that the matter was forgotten or said again.

One would think that the data furnished by the latter fact, the way they have been treated. They are, however, relatively few and far between. Time after time, however, reports which one would think would have been of great value, have been of little or no value.

It is interesting to note that this substance fell from the sky as it was reported in 1845. Then, anything that might be said of it is undoubtedly of little or no value. It is interesting to note that this substance fell from the sky as it was reported in 1845. Then, anything that might be said of it is undoubtedly of little or no value.

In the London Natural Observer, 1845, is described a member of the Association of Wales, who reported that he had seen a purple-red substance fall from the sky at Llanwrtyd Wells, September 7, 1905. In the London Times, 1905, M. Michael, a well-known writer, tells of a glue-like substance falling from the sky at St. Paul, N. H., in 1901. See the London Times, September 2, 1921, for a report of an enormous quantity of red substance which resembled blood and, according to description, had a heavy red dust or sand.

On August 14, 1893, another incident is reported from the London Times, 1893, by Prof. Graves, of Hartford, Conn. and Amherst, Mass. It was a small object, polpy inside and outside, material like cloth. When it fell, it spread "an offensive, offensive smell." See the American Journal of Science, 11, 335.

knowing what may be the matter with the sun when it has spots on it. Nevertheless, some things which have arrived upon this earth seem more attractive. It is said in "Nature," July 13, 1893, that objects which "tasted like sugar had fallen from the sky at Feshawur, India, in 1893. And in "Comptes Rendus," 23, 542, is described a substance which fell at Wilna, Lithuania, April 4, 1846, which spread a sweetish odor. Also there seems to be something agreeable about a pink substance, which turned blue, which fell near Lilloshall, Shropshire, England, April 28, 1834. (Jour. Roy. Met. Soc., 11-7.)

A substance like paper, woolly lumps of something, an elastic substance the color of amber. (See "Proc. Roy. Irish Acad.," 1, 379; "La Nature," 1883, 342; "Annual Register," 1832, 447.) I could go on for some hours with accounts of other objects and substances which have fallen from the sky. The data are tremendous. They have made no impression. It is their indication that this earth is not isolated which has made them intolerably offensive.

It seems likely that there have been similar occurrences, of which I have no record, in Pennsylvania. If readers of this newspaper can send information to me at my present address, 39 Marchmont street, Russell Square, London, England, we must not expect to do anything about it; but perhaps a hundred years from now, when only the most backward persons will think as the conventional scientist of today thinks, the records will have value.

In the Courts

Mike Lass, of Curwensville, will visit with his neighbor Warden Billy McClure down at the "county stone pile" the coming four months. It is also going to cost Mike \$25 per month and the court costs in his case. Mike was bootlegging a little. Judge Chase soured him yesterday to the \$100 fine and costs and four months.

Mike Roskiewicz, Frank and Sam Ringwosky and Daniel Williams, victims of "Squire Roach," of Woodward township, and Constable Kephart, of Brisbin, each were fined \$100 and costs on their pleas of guilty to possessing and transporting liquor.

Sylvester Statuskey, who has been remitting on supporting his wife and children, was ordered to pay Probation Officer Anderson \$30 per month hereafter for the support of wife and child.

Axel Olson was before the court on a desertion charge, but when the plaintiff failed to appear he was allowed to go on payment of the costs incurred.

James Rider, of Curwensville, by his attorneys, Kramer & Kramer, took exception to the summary conviction of Rider before "Squire John A. Dale" at Curwensville Saturday night last. Rider was arrested last Saturday by Chief of Police Guy Clark charged with being drunk and disorderly. He denied the charge and objected to the manner of the proceedings that he asks the court for permission to appeal the justice's findings to court. A rule was granted returnable next Monday at which time the petition will be heard by the court.

George Robinson was ordered by Judge Chase on Tuesday morning to

Wouldn't Exchange With Millionaire

"After five years of suffering with stomach trouble I think I know all about it. But thanks to May's Wonderful Remedy, I am enjoying good health again. I know of a millionaire who is very bad with stomach trouble, but he won't take any patent medicine. In his present condition I wouldn't exchange with him." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

pay \$30 per month towards the support of his two motherless little children, now in the custody of relatives. The order directed that Robinson make monthly payment to Desorption Probation Officer Anderson and he was required to give bond in the sum of \$300 to guarantee compliance with the order.

W. H. Marshall, an employee of the store of M. M. Tunlin in Sandy township, just outside of DuBois, is a large defendant in a suit for \$10,000 damages instituted against him Tuesday by Pentz & Pentz, representing J. A. Horn.

The statement filed alleges that Horn kept his two automobiles, a Gardner sedan and a Maxwell, in the garage connected with the Timlin stable, where Marshall looked after the horse he drove for Timlin. That in August, 1923, Marshall entered the garage and so banged up and battered the Gardner car that the damage amounted to more than \$500. In August, 1924, Marshall is alleged to have similarly manhandled the Maxwell and battered, slashed and scratched it up also. The \$10,000 asked for is deemed necessary by Horn to assuage his wounded feelings and pay for repairs made to the automobiles.

Lucky Criminals

The Braganza, one of the largest diamonds in the world, was found by three criminals, who had been sent into exile among the cannibal tribes and wild beasts in the Brazilian interior. They took the stone to a priest, who turned it over to the governor. The gem became the glory of the crown jewels of Portugal, and the king, in gratitude, pardoned the exiles.

'High-Up' In Postal Service Is Accused

(Continued from Page One.)

Very bore the ear marks of inside direction. This tip brought A. E. Germer, Chief Postal Insp. to Chicago and shortly later he summoned Postal Inspector, to Chicago, and shortly later he summoned postal inspectors J. S. Lench, of Baltimore; B. G. Miller, of Washington; Thomas Mulligan, of Toledo; C. C. A. Battles, of New York; R. E. Nicolay of Syracuse and John W. Hartwell of Albany.

These were strangers to Fahey. They tapped his office telephone, searched his files, went through his home. They reported that information essential to the Rendout case had been removed from the files.

The Rendout robbery was one of the boldest and biggest in midwest crime annals. A well organized gang operating in five automobiles stopped the train carrying the richest shipment in months, went to the cars carrying the money and without loss of time picked out the mail sacks containing the bonds and currency.

Odd Fact About Tobacco

A striking feature in the history of tobacco is the fact that its use has become so universal in the European countries where it was formerly so bitterly condemned—even punished with death—while it has become quite rare among its inventors, the Indians of Mexico. Very few of these now ever smoke, and none of them take snuff—Exchange.

Bitter Will

Following is an extract from a will recently probated in Manchester, England: "I desire that my wife shall not receive one penny from my estate, for she and her son have led me a hell-upon-earth life, and when it pleases the Almighty to call me, it will also please me to be taken from such a woman."

Covers Many Things

Moral conduct includes everything in which men are active and for which they are accountable.—Emmons.

Our Soda Fountain Remains Popular

Always as popular as can be, our soda fountain is a spot where you'll find your friends these days. Come in and enjoy the good sodas and drinks.

Aughinbaugh's DRUG STORE.

Of the Same Family

Bullant is a local name given to the night hawk. Both the night hawk and whippoorwill are night birds. The markings on the throat of the night hawk make it easily distinguished from the whippoorwill. This white mark is shaped like the letter V, around white bar, which extends across the first primary wing feathers. This is plainly visible when the bird is near by and flying.

Sewing Needle Old

The sewing needle dates back to antiquity, and it is not known who invented this implement. It is evident from relics that stone needles were used in the Stone Age. The Chinese are believed to have been the first to use needles of steel. They gradually spread westward until brought to Europe by the Moors.

Theater Should Be Required to Measure Up to This Minimum Standard

By DEETS PICKETT, Methodist Episcopal Board.

Objectionable passages in plays that I have denounced have been deleted. It is better to let the producers clean up, if they will. However, merely temporary changes in dialogue and costumes should not allow indignation unless action can be taken under present laws which will deter theatrical producers in the future.

New York city should have a license system under which permits to operate theaters would be revocable for due and proved cause. It should be remembered that New York has the duty, responsibility and privilege of acting for the entire country in this matter. The New York theater is the American theater.

It would be absurd to expect the theater to conform to the standards which the Methodist church erects for its own communicants. There are standards of common decency, however, which are common to all Americans—Christian, Catholic, Jew and unbeliever. The theater should be required to measure up to this minimum standard.

The vast majority of stage people are self-respecting and clean-minded. They want decent scenes, especially the women of the stage, who should at the same time in their own interest demand a thorough house-cleaning.

Girl Scout Will Make Best Type of Citizen in Future City and State

By REAR ADMIRAL W. S. SIMS, U. S. Navy.

A girl who has had girl scout training will make the best type of citizen in the future city and state. She has been brought up with the idea of being useful in an intelligent way to her village, her town, her city, her state, her country.

Scouting emphasizes the domestic activities and interests of a girl's life. Many a girl has scorned her mother's kitchen until, as a scout, she has learned that it is not drudgery but "fun alive" to learn to cook a simple meal, and set the table correctly.

But, the old-fashioned mothers will say, "Good mothers have for centuries been trying to teach these homely accomplishments and instill these principles into their daughters." This is true, and it is to help the mothers in their important and unending task that the scout movement has utilized important and characteristic principles of modern education.

WHY LEAVE PARADISE?

By FLORENCE DAVIES

Why do they leave Paradise, I wonder? Are people who are but lately come from there?

Of course I'm not wondering about those who say they are so lately come from their home on a cloud. I'm talking about the people who are always clinging to the jobs they left behind them.

Those jobs, the school they taught in last year, the firm they worked for last or on the paper back home—"there it was perfect."

Well, then, one sometimes wants to say, "It was so perfect there and it's so faulty here, why did you leave? Why, in fact, should any one

ever leave Paradise?" Are we cruelly merciless if we are sometimes tempted to wonder if memories have a little, if, perhaps, in last year's job, or in that other organization there were not some slight imperfections?

There are even loving husbands, in fact, who seem to forget that mother ever burnt a bit, and young and forgetful wives who don't remember that father's allowance of spending money even ran short.

To be sure, the people who are but lately come from Paradise are just one variety of the well known genus called "knocker" or "lacker." All institutions, even a few many homes have them. They never like things as they are, and always found things

just a little better in the place they left behind them.

To be quite fair to these people suppose we admit that some of last year's job might be better than this year's job.

Granting this, there's just one course open to them. If Pa. advice lies down the road the other way, no sensible person would bid them linger where they are.

If the other job is so much better why not wave the friends with whom they labor a joyous farewell and depart for that better place?

But no, the knocker likes to stay and knock. For that they may not be forgiven.

No one has the slightest objection if dissatisfied people in any organization bow themselves out of sight and move on to the last or the next more perfect place.

Paradise, even an earthly one, is a spot which should by all means be eagerly sought out.

On the other hand, there is that rare but precious quality called loyalty. Today's job, today's employer, today's school, may not be perfect.

But feudal days are done, and no one binds us to our masters. If we can't believe in the thing we do and people we work with, aren't we but little better than pawns if we stay and tear down with bitter words at the same time taking the wherewithal by which we live?

One gets just a little weary of the people who know so much about a paradise which they seem oddly reluctant to seek.

BASEBALL DOPE

Patchelor took Kowles' place in right during the latter half of the second game and gave his usual good account of himself. "Hit the ball every time up and was fast on the bases. He had one hard chance in the field and handled it like an expert.

The League President or those who represent him in arranging dates for our postponed games may not have intended it, but when they provided for seven or eight games in as many days it begins to look to a man up a tree as though someone did not care particularly to see Clearfield win the League pennant. It ought not to have been hard to fix dates for at least one or two of these postponed games some time before the last week of the season. We have to meet one of the other team in the League right tonight, and while the other teams each have a day or two of rest in between.

Mr. and Mrs. John Lamanna and their daughter and sons after spending 10 days in Warren, Pa. with relatives have returned to their home in Clearfield.

Mrs. Mary Johnson, Mr. and Mrs. Harry Johnson and Alice Showalter drove over from Indiana on Sunday and took lunch with Mr. and Mrs. J. T. Norris.

Miss Jean Cramer is visiting her cousin, Miss Sarah Uzzell at Snow Shoe.

MRS MELVA GREEN CALDWELL

Mrs. Melva Green Caldwell, beloved wife of James B. Caldwell, passed peacefully away in the Rowles' hospital, Aug. 12th, after a period of intense suffering dating back to May 30th. Early in June she was taken to the Altoona hospital where she underwent an operation in the hope of finding relief from what was believed to be an abscessed appendix. Complications set in later and she gradually grew worse until the end came and she found relief in death. She was the oldest daughter of Mr. and Mrs. J. C. Green of 325 Turnpike avenue and on Aug. 14th, 1922 was united in marriage to Mr. Caldwell. She leaves to mourn her loss, her husband, a son James B., Jr., aged nine months, her parents, one sister Zelma, two brothers Clifford and Edwin and a host of friends. Funeral services were held from the home of her parents, Friday Aug. 15th with services conducted by Rev. E. Roy Hauser, who chose as his text these appropriate words "Her sun hath gone down while it was yet day." After which the body was tenderly laid to rest in Hillcrest cemetery, there to await the Resurrection from the dead.

Mr. and Mrs. Alvin Moore and family of Pittsburgh, are spending their vacation with his mother, Mrs. Annie Moore at her home on Hillsdale.

The most popular summer resort is. It's too hot to work today.

We would hate to be a bow-legged summer girl and always wonder if we were standing in the light.

Some people are so absent-minded they forget themselves.

It took six days to make the world and still some want to change it in one.

A man who doesn't know where he is going seldom gets anywhere.

Nothing hurts your luck like having it in for somebody.

The first three months of summer are the hottest.

Our idea of hard luck is a fat man at a dance on a hot night.

Never count your chickens before they return from an auto ride.

A pretty girl never likes to take her own word for it.

Looking for trouble is a fine way to lose your head.

People who sleep on sleeping porches should get up first.

We would hate to be a rich man's son and have to stay in trouble nearly all the time.

Money makes the mare go. It also seems to make the hair go.

The man who doesn't have to work might as well collect his life insurance.

One great objection to living in the country is you have to go to town for your vacation.

It's an unlucky fisherman who doesn't even catch one to be about.

An easy way to make a small boy take a bath is to paint a "No Swimming" sign on the bath room door.

Fish usually stay in water over their heads. So do human fish.

A man in love will do anything, but he usually does nothing.

Curwensville's Own Column

According to reports that have come down the river Monday's storm in the Chest Creek country must have been a whooper and in semblance a cloud burst. At Kermoor the storm was also severe and the water flood washed several buildings from their foundations and destroyed fields by washouts. It was reported that one man was caught in the water flow and was drowned, but the report was false. He was caught in the water and had not friends rescued by using a rope as a lasso he would have been washed into the river. The extreme severe loss by the flood. Reports upper end of the county also suffered from other sections of the county are that wind and water played havoc with property and buildings. Curwensville had a hard rain during Monday forenoon, but nothing to be compared with reports from upriver.

Little Leah Mae Hummel, a six-year old daughter of Mr. and Mrs. Dewey Hummel, Bloomington avenue, celebrated her sixth birthday Wednesday afternoon between the hours of two and five o'clock. Some twenty-five of her playmates and friends were present and spent the time in playing games, and other children's sports. A delightful lunch was spread by Mrs. Hummel which was heartily partaken of by the little ones. The small hostess was the recipient of a number of presents from her friends, which will long prove a pleasant reminder to the little lady of her sixth anniversary.

A spicy hearing was held at the office of Justice Dale acting as burgess in a case of Borough vs. James Rider yesterday afternoon. The charge being disorderly conduct on last Saturday night Attorney Kramer represented the defendant. An appeal from the justice's decision was taken and will possibly end in a court trial.

Guy Yaccabucci, who was operated on at a DuBois hospital last week is home slightly improved.

The American Legion auxiliary in their efforts to increase their Memorial Tablet Fund have planned a cake walk at the American Legion rooms this coming Saturday evening. We are all interested in this important matter and ought to be present to partake of the home made cakes such as our ladies will have for this affair.

Mr. and Mrs. Joseph Conrad and two children Wava and Ruth, and Mr. and Mrs. Bloom Caldwell and son motored over to Penns Cave on Sunday and spent the time in taking in the strange sights there.

Messrs John and Allen Facemyer of New Bethlehem, were guests of Mr. and Mrs. C. E. Doverspike yesterday.

Corliss Kirk, a former native of the Grampian Hills, now located at Alliance, O., was a town visitor yesterday, having come into this section of the country to see some relatives.

Mr. and Mrs. C. F. Cardon, of Donora, Pa., accompanied by Mrs. W. J. Jameson of Charleroi, Pa., motored to Clearfield in Mr. Cardon's car yesterday and will remain here for several days. Mr. and Mrs. Cardon are stopping at the Dimeling, while Mrs. Jameson is the guest of her cousin, Mrs. F. Gurney Smith, at her home on West Front street.

Mrs. A. R. Hubler, of Stuart, Fla. is spending some time visiting her parents, Mr. and Mrs. Allen Maines, of Shiloh, Pa.

Miss Elva Walker left on Saturday for Brookville, where she joined her aunt and uncle Mr. and Mrs. H. R. Ozman on a motor trip up through Northern Michigan and other points of interest.

Helen Thompson and a party of friends spent last Sunday at Eaglesmere.

PHILADELPHIA MALE QUARTETTE AT THE INSTITUTE, TONIGHT

All lovers of music should not fail to hear the Philadelphia Male Quartette in the high school auditorium tonight. This aggregation of noted singers is starting their fifty season of concert work. Remember the hour—8 o'clock.

FRIDAY IS Dollar Day

Dollar Day is always popular with the people living in this city and in the surrounding territory but this time we are making this occasion the greatest in the history of the store.

We have made wholesale cuts in the prices of everything in the store—disregarding first costs—our only object being to maintain our qualities and give you better values than we ever have done.

While we do not mention any special items in this advertisement, we have trimmed our windows with the specials and if you will drop down this way you'll find some of the greatest offerings in the city.

Look for our window display.
Look for our bargains.

OF INSTITUTE

(Continued from Page One)

woman. 2. Where woman dominates and rules the man. 3. Where each is equal having his or her own sphere of action and helps the other. He named the following factors, which tend to spoil our American girl:—1. Snobishness of parents. 2. Too much attention to appearance. 3. Girl Cliques. 4. Joining a sorority in college. The following is his plan for a girl's life. 1. From 1 to 14 years, go through the grades. 2. From 14 to 18, go through high school. 3. From 18 to 22, go through college. 4. From 22 to 25, start out to make a life career. 5. From 25 to 30, home making period. 6. From 30 to 35, go through vocational career.

Dr. Bryan then continued his discussion of the solution of the real educational problem, which is the "Human Problem" by emphasizing the place of institutions and the relations of individuals to them. His thesis was that supreme values never reside in any institution, but in human beings. The German system of education almost wrecked civilization because it placed supreme emphasis on an institution and made the individual a mere servant of the state. Institutions are never ends in themselves, but only means of making men and women. He showed that we must use the institutions of organized society as means for higher ends. The fundamental question to determine action in organized society is "Do the methods I propose to use

make for the health of organized society?" You have three choices of action. 1. Better the conditions by reform. 2. Conform to present conditions as far as possible. 3. Go against them and suffer the consequences.

At the afternoon session, Dr. Puffer occupied the first period continuing the subject "The Boy and His Job." His four methods of self-discovery for the boy are: 1. Reading lives of great men. 2. Counseling with worthy men. 3. Study of our family tree. 4. Get wide experience and then follow dominant interest.

Miss Bragg then took up the subject of Story Telling and developed it by showing the steps necessary in the preparation of the story before attempting to use it in the school. Her discourse was very practical and helpful to the teachers.

Dr. Bryan's lecture on the "Un-Arrested Development." He showed the falsity of the proverb, "It is never too late to be what you might have been" and stated it thus "It is always too late to be what you might have been," but, "It is never too late to be what you may be." He showed very forcibly how many of us are the victims of arrested development, physically or mentally. He emphasized the importance of the nascent periods in the child's life. "A four year old child can do a four year old job better than a fourteen year old boy or forty year old man."

Dr. Bryan's lecture on the "Un-finished Task" in the auditorium last night proved a real treat to those who came out to hear him. He showed very forcibly what we learned by the World War and what is neces-

sary to finish the task. We have learned—1. Real values are not material but spiritual. 2. A true spirit of brotherhood among all people. 3. We must find another way to untie world knots than by wars. 4. God works through human agencies.

EAST END PLAYGROUND
VISIT PHILIPSBURG

A goodly number of the live boys and girls from the East End playground made a visit to the Philippsburg playground Tuesday afternoon and enjoyed several hours of play and swimming at the community playground in that city. A real baseball contest between two boys' teams, the members of whom averaged 12 years of age, was witnessed by a crowd of enthusiastic rooters, the locals getting the "short end of the stick," losing out 13 to 2. As the East End boys had little practice playing regular baseball, playground ball being the popular game in Clearfield, they were unable to field as well as their opponents. They promised to "turn tricks" on the return match at the home grounds on Thursday afternoon.

After the baseball game the boys cooled off in the outdoor swimming hole which they enjoyed so much that the next and closing event was delayed for a time. The volleyball contest was a heated battle throughout, but the East End playground boys succeeded in taking two out of three games and were declared the victors. The position of the sun had much to do with the breaks in the game.

Philippsburg playground will visit the East End playground on Thursday afternoon, the ball game starting promptly at two o'clock, and the locals plan to entertain the visitors royally.

Miss Mary Lynch, of Osnoda, who will teach the Columbia school the coming term, is in attendance at the Teachers' Institute.

Mrs. William Bitter, of Blanchard, who is a surgical patient at the Clearfield hospital, is improving nicely.

Mrs. Melvin Schenk left today for Toward, Centre county, where she will join Miss Dorothy and attend the Schenk reunion which is held Thursday.

Samuel Schenk and sister Marjorie are visiting at Toward, Centre county and will attend the Schenk reunion.

WOMAN'S GOLF

The Women's match golf tournament for the Douglas cup was played at the Country Club yesterday.

Mrs. Shillingford defeated Mrs. Wm. Powell.

Miss Janet Smith defeated Mrs. Babcock.

Miss Kathryn Bowes won by default.

Miss P. B. Reed defeated Mrs. Ganoe.

Tomorrow the finals will be played.

they expect a large crowd of rooters to help them win the game.

Memorial to Harding in Kansas Wheat Field

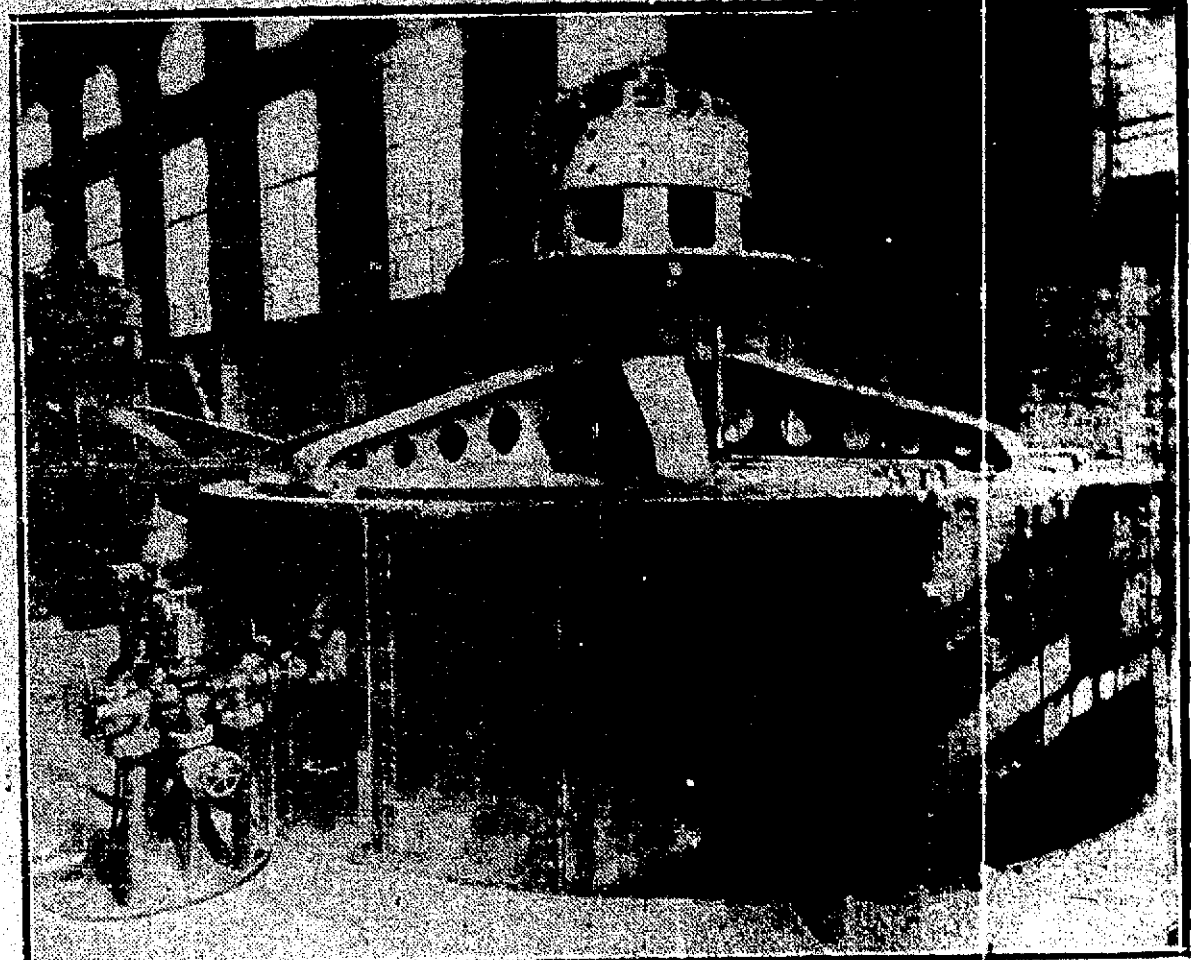

A year ago, while on his way to San Francisco where he died, President Warren G. Harding turned a "dirt farmer" one day at Hutchinson, Kas., and shocked wheat. On the spot where the late president handled his last bundle of wheat has been erected a monument (upper), paid for by contributions from school children. Elizabeth Humphries (lower right) then 11, recipient of a kiss from the chief executive during his visit, unveiled the monument. In the lower left Harding is shown as a "dirt farmer" on the spot.

Kept Promise!

It's beginning to look like James E. Ferguson's promise to his dog is going to come true. When "Jim" was impeached as Governor of Texas eight years ago, the dog, then only two years old, seemed disconsolate as the rest of the family in leaving the capital at Austin. "Never mind," Ferguson told him, "you'll live to see the Fergusons in the governor's house again." And now Ferguson's wife, Mrs. M. Ferguson, has won the Democratic gubernatorial nomination and her fight for "Jim's" vindication. And since Texas is a Democratic state, her nomination practically means election. Here "Ma" Ferguson is seen with "Jim's" dog.

Divide Double Header With The Philipsburg Team

Baseball Fans See Greatest Games
of the Season Here on Tuesday P. M.
Fauver Pitched Two Masterful Games

Life in this C. & C. Baseball League pines Fenton and Rittenhouse, the of ours is and has been somewhat or more or less complex and contrary the past three months, or the last month at least. Old Jupe Pluvius and his infamous water wagon upset our plans for games in the local ball yard several times and when such disaster occurred it sure was some hard job to get back on the program for a home game. In fact it got so hard that we haven't been able to see the locals in action since about the time "dog days" began. And while we don't believe in signs ourselves, those that do say dog days began on July 29th last. However, and be that as it may, that is all over and done with now, and our games are falling much thicker, and faster than dollar subscriptions are disappearing into the contribution box of the La Follette-Wheeler campaign fund. We suited in our tents, gnashed our teeth in impatient rage through all the lean and hungry days our own had been rarin' to get at them, but at that were hardly prepared for the feast of eight games visited upon us in a row, when those responsible for sandwiching these remaining postponed games in along with the regular schedule kindly arranged to have us play Philipsburg Saturday last, Oscola Monday, a double header with Philipsburg Tuesday, Oscola here again Thursday with another game for good measure on Saturday.

After being called upon to tick the stuffin' out of Philipsburg and Oscola all these many times during this week the team, fresh from these numerous encounters is then called upon to step up and take a double barreled wallop at DuBois, which team we must beat out for the League championship. That is not such a strenuous ten day scramble, but with but three pitchers working it is some job, too. It sort of looks as though we are being handed something now, don't it, by heck? At any rate we had two dandy ball games out of it today, so we should worry. The Philipsburg team, with Mike Palm at the helm was the piece de resistance. We found the enemy a "tough old bird" in the opener and our own went down to defeat by a 3 to 0 score, in one of the snappiest and best played games of the season. Hancock pitched for the 'Burgers and our own were unable to do a thing with him. Ever ball they hit went right straight into the waiting paws of one of "Handy's" helpers and they simply eat 'em alive. Their infield was extra peppy, and pulled off no less than three snappy double plays. Rex Fauver, who was "discovered" by the sports writer of the Philipsburg Ledger twirled for our own and except for the third inning when an error in the infield and three singles scored three runs, was invincible. The game was played in 1:40 minutes and with all due respects to um-

Manager Mike Palm started in the field for the enemy while Gilday ex-celled at the bat. Robinson did some sensational fielding at short for our side.

CLEARFIELD WINS SECOND

After a ten minute intermission the two teams lined up again for the sec-

ond game with Fauver and Hancock again essaying the pitcher's role. Philipsburg went out in order in the first. Shultz opened the second with a long double to left. Townsend fanned but Gilday doubled and Shultz scored. The two Cragos singled in the third but nothing came of it. They shoved another and their final run across in the fifth on Gilday's second double and B. Crago's single. That ended their action as but three men an inning faced "Old Reliable" (with apologies to Atlas) for the remainder of the game. Rex appeared to get stronger as the game progressed and looked able and willing for nine innings more. Hancock did not fare so well and while he let our own down with one single in the first, he began to wobble in the next session. Shaulis, Peterson and Lansberry each singled in this frame but both base running lost us a run. The score was tied in the third on singles by Robinson, Bailey and Shaulis and a base on balls to W. Fauver. That inning finished Hancock, and Manager Palm sent Jones, the school boy phenom into the fray to start the fourth. Peterson, the first man to face Jones, got a base on balls. In attempting to sacrifice, Lansberry put up a pop foul, which the hard-working Gilday made a fine catch of. R. Fauver singled and Peterson was caught at the plate. "Little Mac" doubled and came home on Robinson's single. Bailey scored Robinson on his single and a little help from Shultz. W. Fauver got his second base on balls but was out stealing. Jones pitched good ball from here out and should have got by without another

score against him but hard luck pursued him and our own piled up two more runs in the seventh on a couple of errors, a single by Peterson and a double by Lansberry, who by the way is playing bang up ball just now. McCloskey was given his base on balls in the 8th. Robinson's hard liner flew straight into Townsend's paws and Mac was doubled at first. Bailey ended our chances for more runs by going out on a long fly to center. The final score was, Clearfield 6; Philipsburg, 2.

Again, may it please you, the umpiring was good, although Rittenhouse strained our personal relations by calling McCloskey out on a foul strike, alleging Mac was out of his box when he hit the ball. Gilday also pulled a Hawk Run assist, when he tipped Peterson's bat as he landed on one of Jones' offerings. Pete was given a hit on the interference.

The score:—

Fox superior to Wildcat.
A fox has five times as much courage, five times as much intelligence, and five times as much personality as a wildcat, says Herbert Ravenel Lass, in Harper's. The fox is so clever, so resourceful, that he can afford to be bold and take chances. And, if by chance he is overbold and gets into a tight place, he relies on his wits to get him safely out. The wildcat refuses to take chances, not only because he is a coward and is afraid of the risk, but also because he has not brains enough to be able to take chances with a fair degree of safety. He survives by avoiding all avoidable hazards, keeping out of dangerous places. But the fox survives in much greater numbers, although he is constantly running unnecessary risks.

A Guarantee of Greater Economy and Comfort

The Brougham

The Chrysler Six goes to new lengths in low center of gravity and perfect weight distribution. The result is steadiness and solidity not found even in two-ton cars of previous design. Such a feature as this, when combined with the Chrysler Six special six-ply, high-speed balloon tires and the Chrysler-Lockheed hydraulic four-wheel brakes, adds immeasurably to the comfort of the ride.

All prices f. o. b. Detroit, tax extra.

No car has ever been equipped at once with so many valuable features effecting economy as well as performance as the Chrysler Six.

Take the oil filter as an example, an exclusive Chrysler Six feature. Every 25 miles of driving the crankcase oil is automatically cleansed and purified. Think what this means in economy as well as in motor life and motor efficiency.

It is by no means merely a question of reducing oil consumption. Oil freed of all grit and abrasive matter can do no damage to moving parts. The mechanism is kept clean and healthy, which means greater freedom from repairs and longer life.

So it is with the air-cleaner, another valuable Chrysler Six feature which purifies the air drawn into the carburetor, removing harmful and destructive particles. Familiarize yourself with these Chrysler Six features, including the new combustion chamber and the new spring suspension. Then let us arrange for a demonstration.

We are pleased to extend the convenience of time-payments. Ask about Chrysler's attractive plan. Dealers Everywhere.

Boils

THERE is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S.S.S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit power! S. S. S. builds blood-power, it builds red-bloodedness. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It fights pimples! It fights skin eruptions! It always wins! Mr. V. D. Schaff, 527 15th street, Washington, D. C. writes: "I tried for years to get relief from a bad case of boils. Everything failed until I took S.S.S. I am now absolutely cured, and it was S.S.S. that did it."

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Howe's Jewellery Store

Twenty-one years ago this business was founded by the late William W. Howe and because it was founded upon the highest ideals of business integrity it was continued to prosper and expand.

Since Mr. Howe's death the business has been carried on by Mrs. Carrie Howe and it is a high tribute to the memory of the founder that the ideals upon which it was founded have been so high that the business has not only been carried on but has been expanded steadily.

Only the finest kind of jewelry for personal adornment may be found here, and when the fads and fancies of fashion come along you will always find them here first. The stock of plated ware, cut glass, leather goods, ivory toilet articles are always kept up to a very high standard.

Our watch, clock and jewelry repair department is under the supervision of a skilled mechanic whose services are always yours for the asking. Efficient service, expert workmanship and reasonable prices have made this section of the store known for miles around.

WHY IT WILL PAY YOU TO TRADE IN CLEARFIELD ESPECIALLY ON DOLLAR DAY

Eight years ago Dollar Day was first started in Clearfield. At first it was an annual affair. Then, upon popular demand, it became a semi-annual affair and has so continued ever since. And now comes the 1924 Fall Dollar Day with its myriad of saving opportunities for everyone who lives within a trading radius of Clearfield.

Dollar Day, in most communities, means a general clearing of the stores of OLD merchandise. In Clearfield it is not a clearing out of old merchandise but most of the offerings are made, either from regular stocks of staples or is an event of selling special purchases made for the occasion.

Many of the Clearfield merchants have made special trips to the markets of the country for the purpose of buying specially priced merchandise of quality for the event.

A feminine voice was heard from the steps of a crowded car: "Oh, get in, dear, some one will give you a seat." The next moment two young women entered. The men in the car were on their mettle. They read papers sternly. Those who had no papers closed their eyes and pretended to slumber. The too-certain women glanced down the car in vain. The car went on for half a mile, and then a man alighted. "There's a seat for one," said the conductor. "Don't take it, dear," said one of the young women. "Some man will give you a seat." In the moment of defeat she stepped out.

CLEARFIELD YOUTH HELD IN ACCIDENT WHICH MAY RESULT FATAL FOR GIRL

Monday evening's Philipsburg Journal has the following to say of an automobile accident in which a local young man figures:—
"In addition to the severe body bruises which she received when struck by an automobile Sunday evening, Thylma Hoy, 21 years old, has a fracture at the base of the skull, the Philipsburg State hospital reported to the authorities this morning. John before Thomas Bryon, justice of the

peace, the 18-months old baby who was injured at the same time, is recovering. His injuries were not serious.

"The accident happened along the state highway near the Hoy home at Point Lookout, a Buick truck running down the girl and baby as they were walking along the road.

The driver of the car was Samuel Wade McLaughlin, aged 23 years, of Clearfield and employed in a Philipsburg haberdashery. It is said the car was driven down Front street at high speed and was presumably going at a fast clip when it struck Miss Hoy and the baby.

"David Hoy, father of the girl, made information against McLaughlin, charging him with operating a motor vehicle while under the influence of liquor and failing to render assistance following injury to another.

At the hearing given McLaughlin before Thomas Bryon, justice of the

peace, he pleaded guilty to the charge of being under the influence of liquor and witnesses testified he had failed to render assistance to the injured as required by law.

Should the girl's injuries prove fatal, a charge of manslaughter against McLaughlin will likely follow. As a result he will be taken to Bellefonte jail this evening and held awaiting developments."

The companions were with McLaughlin at the time of the accident.

The Pig and Whistle Shop

This shop where the inner man, or woman, is catered to, is one of the most unique in the city. Named after one of the old English inns or ale houses made famous by the immortal Dickens, it carries with it an air of distinction.

Getting away from the fashioned methods of Dickens' time, this Pig & Whistle Shop of modern times, caters to the modern demands for the inner man.

Candies of the finest kind are always to be had here in boxes and in bulk. A huge soda fountain is always catering to the thirsts of the Clearfield and vicinity folks. One feature of the old-time Pig & Whistle Shop that this modern Pig & Whistle Shop continues is the wonderful roast beef sandwiches that are always to be had.

Of course, keeping abreast of modern time the restaurant always serves something new and different in the way of delicacy on every menu. Sometimes it is one thing, sometimes another but ALWAYS something which will make the most delightful meal or lunch.

JORDAN'S

Woods Offer Materially.

Woods are chosen not only because of their special fitness for a certain piece of furniture but equally as much because of their accessibility. There were long periods of cabinet making when mahogany was out of vogue, simply because market conditions made it almost impossible to obtain it. Just as today, mahogany is an accepted highlight of the furniture world because the makers can rather readily obtain it. Oak, walnut and maple are considered more fit furniture than the chestnut, cedar, cypress and pine of a few centuries, because they are more adaptable to the cabinet maker's hand. Then, too, beauty of grain, working qualities and necessary hardness or softness of the wood determine the use for different types of furniture.

Her Lover's Mean Trick.

A new law came to our school and I soon let him know that I was his for the asking. But he never asked. One day our teacher was late in coming because of a heavy snowfall. The school was in an uproar, everybody trying to think up something more rash than the neighbor. Suddenly something fell in my lap. Sure enough it was from my hero. It looked like a piece of washed chocolate candy. I gave him a adorable smile and started to eat the supposed candy. He had extracted the filling and placed chalk, colored chalk, into it instead.—Chicago Journal.

Scute the Doorman.

They are telling a story at the Army and Navy club at Washington of a certain officer who is quite nervous. It seems the other night that he was to call on some friends in an apartment house on Sixteenth street, and when he arrived he saw what in the dim light seemed to him to be a full general, an admiral or some other high ranking officer, and being mindful that the provisions of making salutes only mandatory on the field had not yet gone into effect, he snapped saluted. The salute was answered, but it turned out afterward that the officer in question had given the army sign of recognition to the gorgeously costumed doorman of the apartment house.

Does Your Back Ache?

Bad Backs Bring Suffering to Many Clearfield Folks.

Is that dull, constant backache making you tired and miserable? Does your back ache and ache until it seems you just can't keep going? Do you suffer from headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness. Dr. Doan's Pills—a stimulant diuretic to the kidneys. Dr. Doan's are recommended by Clearfield.

Mrs. Martin Hughes, 423 W. Pine St., Clearfield, says: "There was a steady ache in my back but it was worse when I stooped because then, I got a sharp catch and it was hard to straighten. Mornings my back was lame and sore. My kidneys acted sluggish. Doan's Pills from Woodward & Johnson's Drug Store cured the backache and regulated my kidneys. I haven't been troubled since." Mexico's Largest Pyramid

The pyramid at Cholula, west of the city of Puebla and about 80 miles southeast of Mexico City, is the largest in Mexico. Its base is 1,400 feet square and the altitude is 200 feet. Use for Old Horseshoes.
At Trowbridge, England, may be seen an immense pile of old horseshoes which have been collected in small consignments from various blacksmiths. They weigh in the neighborhood of 120 tons, and sometimes the pile even exceeds this amount. These old horseshoes are particularly suitable for making down for wire mesh, the metal having been tempered to just the right hardness by the heat of the forges' hoods and wear and tear of the roads.—Wale World Magazine.

Highly Prized Decoration.
The British Victoria cross, given for conspicuous bravery, was instituted in 1856 on the close of the Crimean war, and was given to citizens who had borne arms against the Indian mutineers. In 1911 the decoration was extended to the Indian army. A bar may be awarded for an additional act of bravery. With the decoration is a pension for noncommissioned officers and men of £10 (£50) a year, with an addition of 15 (£25) for each bar.

The Dimeling Hotel

One of the finest hostleries in this section of the state is the Dimeling Hotel. There is a homelike atmosphere about it that is apparent as soon as you step inside the doors.

The hotel has been refurnished all thru and the sleeping rooms now present the most homelike atmosphere possible to the traveler.

Keeping in step with all the modern hotels in the land, the Dimeling Hotel changed on August first from the American to the European plan. This enables the traveler to rest if he wishes, eat as he wishes and is not tied down by rule of thumb.

Mr. McGarry, the present manager, is a hotel man of wide experience and acquaintance. This has brought many folks to Clearfield as they know a warm welcome awaited them from "Mac."

Truly a "traveler's home", the Dimeling is now ranked among the hotels in many larger places in the country and since the advent of the tourist over the Lakes-to-Sea Highway, its fame has spread far and wide thru the land.

"HIGH-UP" IN POSTAL SERVICE IS ACCUSED COMPLICITY IN BIG ROUNDUP HOLDUP

Chicago, Aug. 27 (INS).—A shake-up that will rock the postal department in the mid-west was in the making here today on the heels of the arrest of Postal Inspector William F. Fahey and his arraignment on the sensational charge of being the brains of the \$2,000,000 roundup robbery June 12.

Through further pursuit of investigations which led to Fahey's arrest postal officials hope to connect a series of big postal robberies over a period of several years—at Toledo, Dulman, Ill., Omaha and the Union stations here with the Roundup raid.

Chicago, Aug. 27 (INS).—William F. Fahey, postoffice inspector held as the "brains" of the \$2,000,000 roundup mail robbery, has confessed to complicity in the crime, Chief Postal Inspector C. H. Clapham of New York stated today. "Fahey insisted he had no bad intent in becoming mixed up in the job," Clapham said. He refused to go into details of the degree or character of Fahey's alleged participation in the crime.

Other smaller robberies which may be linked up with the raids which postal inspectors say show the hall mark of the same master crook's handiwork, were in Harvey, Ill.; Whiting, Ill.; Elmhurst and East Chicago, Ind. and St. Louis.

In every instance the bandits have struck at a strategic time, when heavy shipments of currency or negotiable bonds were in transit and have lost no time in finding the loot they sought.

Investigators today were enroute to Leavenworth, Kansas to question "Big Tim" Murphy, convicted of leading the Union Station mail robbery, in hope that he would add to the information they say they have already received.

According to Chief Inspector Clapham, in charge of the investigation that led to Fahey's arrest, the evidence against the latter is "absolute."

"You may be sure the post office authorities would not have arrested and charged Fahey unless they knew they had the goods on him," he said. "We are convinced from evidence we have obtained that the same bandit that planned the Roundup robbery schemed the others in this part of the country."

"We are convinced also that Fahey was the big Tim Murphy in the Union Station robbery and Government inspectors now enroute to Leavenworth will try to get Murphy to tell all he knows about the man higher up."

The tip "watch Fahey" came from one of the confessed participants in the robbery. Fahey himself had said from the first that the gigantic robbery was the work of a "big man."

BARN DANCE NOT OBSOLETE, BY GUY!

Shippensburg, Pa., Aug. 28.—(INS).—Who says the old fashioned barn dance is obsolete? Daniel A. Barklow, local musician, who specializes on making stringed instruments, has played for ninety-six of them so far this year.

Barklow, one of the oldest fiddlers in this region, is the whole orchestra for these dances. He plays the guitar, mandolin, violin and banjo. However, the young folks don't do the old dances the folks did back twenty five years ago, Barklow says. Then they played several pieces and the fiddler just kept on going. Now he plays "Turkey in the Straw" once or twice and spends the rest of the evening playing the latest jazz pieces.

SECOND DAY OF INSTITUTE IS FULL OF INTERESTING TALKS AND MUSIC

The second day of the institute witnessed increased interest in the problems under discussion, by the various instructors. Each one is proving a specialist in his or her particular field. The music is becoming better with each session of the institute. Professor Taylor is a real leader and understands how to get the music out of his audience. Quite a number of new songs, suitable for their schools, are being learned by the teachers.

After devotional exercises and a period of song Miss Bragg took up the vitally important subject of Health Education. She emphasized the importance of health education in the early years of the child's life. She illustrated the possibilities of this work by telling of the work in the town of Newell, Mass. In this town 24.9% of the pupils were underweight and undernourished five years ago and last May, only 4 per cent were underweight. They first inaugurated a campaign of education in the town until they got the cooperation of the patrons and then furnished mid-morning milk lunches, which were paid for by the children who could afford it and the others had them furnished free. The objective is to raise a better breed of people. The importance of food, rest, play and cleanliness was stressed.

Dr. Puffer next took up the study of "The Girl and her Life-Career." His fundamental thesis was that every vocation should be viewed in its relation to homemaking. Any vocation that does not contribute something to homemaking should be avoided by our girls. He then pictured the three kinds of homes: 1. Where man dominates and rules the

Young Stribling Thought To Be In No Condition For Berlenbach Fight

New York, Aug. 27. (INS).—Reports that Young Stribling, the Georgia light heavyweight, is suffering from a cold and is not in the best condition, caused a slight change in betting odds on the eve of his six-round bout with Paul Berlenbach here tonight. Stribling denied the cold was causing him any worry. Berlenbach, a recent graduate from amateur ranks, is a noted heavy hitter. Most experts picked Stribling to outpoint Berlenbach.

MISS MARY EALY

Daughter of Dr. John C. Ealy, deceased of Shellsburg and a member of one of the most prominent families in that section of Bedford county died at her residence Sunday afternoon, Aug. 24th, aged 83 years. The end came after a long illness during which she was tenderly cared for by a younger sister, Miss Ida, who with a brother John C. Ealy, of Clearfield and a sister Mrs. Anna Harmer, of Pittsburgh, survive. Funeral services were conducted from the home this afternoon by Rev. R. S. Caldwell pastor of the Presbyterian church of Shellsburg, of which congregation Miss Ealy was a life-long and consistent member and interment was made in the Shellsburg cemetery.—Altoona Mirror.

GO TO JERSEY SHORE TONIGHT

The local American Legion Band will leave this evening at 5 o'clock in two of the big Fullington jitneys for Jersey Shore. Following their arrival at Jersey Shore they will treat the citizenry of that town to one of their delightful open air concerts and tomorrow morning will accompany the Jersey Shore Lodge of Elks to the State Convention at Williamsport, where they will participate in the big parade and band concert, features of the big day of the convention.

Tarentum.—Mrs. David A. Conway 17, is the mother of twin girls, each weighing eight pounds at birth. Both the infants are hardy specimens.

License No. 1,000,000 Is Issued To Mrs. Paul Wright Of Erie, Penna.

Harrisburg, Aug. 27. (INS).—For the first time in the history of Pennsylvania, the millionth license tag was issued by the State Highway Department.

Tag number 1,000,000 was issued to Mrs. Paul D. Wright, of Erie.

The automobile division now begins its second series of passenger vehicle numbers. These numerals are prefixed with the letter A.

The tag "A-1" was issued today to Professor H. C. Hadley, Department of Agriculture, Harrisburg.

SHERIFF'S DEADLY GUN HALTS FLIGHT OF SMART ALEC WHO HOGGED THE BRIDGE

Another Smart Alec motorist came to grief shortly after the noon hour yesterday but it took a four mile chase and no less than three bullets from Sheriff Lowell's revolver to bring the sonofagun up with a round turn and land him before Squire Chorprenning.

For the past week or more a band of especially dirty, greasy and repulsive looking gypsies have been camping along the state highway between Bridgeport and Stronach, ostensibly while repairs were being made to one of the automobiles in which the foes of soap and water were traveling.

The county authorities were requested to hike the gypsies out of the community and yesterday afternoon Sheriff Lowell, his son, Deputy Sheriff Hummelbaugh and State Highway Patrolman Romanic started up to Bridgeport to order the gypsies to move on.

When the "one-way bridge" at Riverview was reached the Sheriff's car entered from this end just before a Marmon sports model bearing a Massachusetts license roared onto the bridge from the opposite side. A young lady was walking across the bridge and flattened herself against the side as the big car approached. The driver "stepped on" the gas and shot past the frightened girl. When he approached the Lowell car the Sheriff called to the driver to halt but the Massachusetts man politely invited him to "go to hell."

Over at Penfield they say hell is seven times hotter than you can get a stove, so Sheriff Lowell who hails from the Bennett River Valley, decided not to go there.

The Sheriff continued on across the bridge and turning quickly and giving his son the wheel the officers sat out after the Smart Alec from Cal Coolidge's state. He gave them a real race, but getting caught in a traffic jam near the borough line in East End the Sheriff managed to overtake his man. Again was the order given to stop and again was it jeeringly disobeyed as the Massachusetts man darted over the borough line and sped toward Woodland. Drawing his gun Sheriff Lowell took a crack at his rear tire and was forced to fire three shots before the man would halt.

The third shot "brought him to his milk" and he was placed under arrest. When taken before Squire Chorprenning the fellow gave his name as Conrad Hedin of Watertown, Mass., and said he refused to stop because the Sheriff was not in uniform. He was given some "hot stuff" on his duty to obey Pennsylvania's motor laws by the Sheriff and State Patrolman Romanic, after which he left \$13 in the hands of Squire Chorprenning to pay for his smartness and was then allowed to go his way with a better understanding of what is expected of the stranger within Pennsylvania's gates.

Pittsburgh.—Conference are under way here to adjust a wage dispute between the Theatre Managers' Association and the Musicians' Union. Preliminary discussions failed to solve the problem. Motion picture operators and stage hands of local houses have been granted an eight per cent wage increase on a two-year contract, with minor changes in working conditions.

IS YOUR CHILD IMMUNE FROM DIPHTHERIA

What a satisfaction and relief to parents to know they have nothing to dread for their little ones from this disease. And it is so easy to be sure. Teten, mothers!

If your child of pre-school age has the toxin anti toxin treatment just winter bring it to the Baby Clinic tomorrow—Thursday at Red Cross Headquarters, between the hours of one and five, and by the simple, Schick Test, have it declared immune.

Judging from the large number of mothers who brought their children last year for the toxin anti toxin, we know you will want to take this last step and be absolutely certain that diphtheria can NEVER attack your child.

Presbyterian Church Gains 27,335 Members During The Past Year

Philadelphia, Aug. 27. (INS).—The Presbyterian Church netted a gain of 27,335 in its membership throughout the country during the past year, according to statistics released here at the national headquarters of the Church.

In addition the report shows the Church had the largest number of members and spent more money for world-wide benevolence and congregational causes than at any time during its 137 years of existence. The total membership now it is shown is 1,830,928.

Gifts for benevolence, the report shows, totaled \$57,088,164. From this amount the following contributions were made: national missions \$5,581,760; foreign missions, \$4,084,322; Christian education \$1,756,582; pension fund, \$584,659; miscellaneous benevolences \$4,082,158.

Election Returns From Montana, South Carolina State Primary Voting

Helena, Mont., Aug. 27 (INS).—After running behind in the early returns, Gov. Joseph M. Dixon took a slight lead today over Lee Dennis, State Railway Commissioner in the race for the Republican gubernatorial nomination, on returns' form 156 out of 1,633 precincts.

Gus J. Erickson, Democratic candidate for Governor was far ahead of Judge Roy Ayers.

Columbia, S. C. Aug. 27 (INS).—A second primary to determine whether Cole L. Blease or James F. Byrnes shall be nominated for the United States Senate seemed more certain today as returns poured in from yesterday's primary, giving none of the four candidates a majority.

DROPPED DEAD MONDAY

The remains of a man named D. Wardley, who dropped dead while at work Monday last at the new coal stripping operation, Blanchard Siding below Karthaus, were brought to the Thompson undertaking rooms on West Locust, where the body was prepared for burial and will be held until word can be got through to the relatives or family of the deceased.

Wardley, who is about 48 years of age, is from Cramer, Pa., where he is said to have a wife and two children.

NO EXAMS FOR DRIVERS SEPT. 1

Harrisburg, Aug. 28 (INS).—No examinations will take place on Monday, (Labor Day) Sept. 1, of persons holding learners' permit cards, the State Highway Department announces. These applicants whose learners' permits will have expired on Sept. 1 will be examined on the next regular examining day.

IMPORTANT ROADS OF PENNSYLVANIA ARE ALL NAMED AND ARE NOW NUMBERED

Harrisburg, Aug. 27 (INS).—Important trans-Pennsylvania thoroughfares are all numbered, the State Highway Department announces, and the traveler need only follow a large white number on black background, key-stoned on telephone and telegraph poles, to find his way from one end of the State to the other. The numbered highways are:

No. 1. The Lincoln Highway, from Pittsburgh to Trenton.

No. 2. The Lackawanna Trail, from the New York line via Scranton, Stroudsburg and Easton to Doylestown and Philadelphia.

No. 3. The William Penn Highway, from Pittsburgh thru Hollidaysburg, Huntingdon, Lewistown, Harrisburg, Lebanon, Reading, Allentown and Bethlehem to the New Jersey line at Easton.

No. 4. The Susquehanna Trail, from Lawrenceville via Williamsport, Sunbury and Harrisburg to York and the Maryland line at Shrewsbury.

No. 5. The Lakes-to-Sea Highway, from Erie via Waterford, Meadville, Franklin, Clarion, Brookville, and Clearfield to Tyrore.

A HOLIDAY IN ITALY

The Careful Cleaners' Class of the United Brethren church, Woodland, Pa., will portray a street scene during a holiday in Italy, Thursday evening Aug. 28 on the streets surrounding the New York Central depot.

The Italian band of Clearfield directed by Prof. Meili will furnish the music for the program. The Italian Queen will be there in state and many merrymakers will perform for her entertainment.

The pageant depicts the real street scene such as you would see were you to visit Italy on such a gala occasion, with stands for food, groceries, vegetables, live stock, hot doggies, trinkets, etc., etc. A real entertainment colorful and musical will greet all folks who pass by or stop to mix with the merry makers.

BAD MAN ESCAPED FROM NEW CASTLE JAIL EARLY TODAY

New Castle, Pa., Aug. 27. (INS).—City and county authorities here were watching closely today for any trace of William Fisher who escaped from the Pennsylvania hospital for the criminal insane on Monday night.

Fisher and Sam Rooss were captured at Toledo, Ohio, following the \$53,000 robbery of the Union National Bank here some years ago by four men. The escaped robber was believed to have been a member of a powerful bandit gang, and the opinion was expressed here that the band may have given him "inside" assistance in his escape.

Fisher pleaded guilty when returned here to answer the robbery charges.

WILSON & CO. AUTHORIZED TO CONTINUE BUSINESS

New York, Aug. 27. (INS).—The New York receivers appointed by Judge Bundy in the federal court have agreed to permit Wilson & Co. to re-enter the live stock market and accordingly, Thomas E. Wilson, president of the corporation, today sent orders to the Chicago offices to resume production with the assurance that plenty of cash is on hand.

SCHOOL OPENING IS DELAYED UNTIL 15TH OF SEPTEMBER FOR CERTAIN OF GRADES

The remodeled Junior High School will not be ready for business when the rest of our public schools open on Tuesday, September 2. The contractors have been rushing the work every hour of the day for the past several weeks but find it absolutely impossible to have the building ready for opening day.

However, everything will be in readiness by Monday, September 15th and the Junior High School is scheduled to open on that date. This unavoidable delay means that Sixth Grade pupils assigned to the Junior High building, all Seventh Grade pupils, all Eighth Graders and all Freshmen will be asked to report at the Junior High on Monday, Sept. 15th, ready to take up their studies for the term.

Both pupils and parents should make a note of this to avoid misunderstanding.

P. O. S. of A. Delegates Uphold Firing Of Hon. W. S. Vare From Order

Allentown, Pa., Aug. 27. (INS).—Congressman William S. Vare's expulsion from the Patriotic Order Sons of America by the executive committee of that order was unanimously upheld here today by the delegates to the annual state camp meeting in session here.

Allentown, Pa., Aug. 27. (INS).—Expulsion of all those members of Camp No. 594, Patriotic Order Sons of America, who endorsed the attitude of Congressman William S. Vare on the Johnson immigration bill and the revocation of the camp charter, has been recommended to the state camp, now meeting here, by the executive committee. This action is also recommended by President James Pyle and Secretary Charles B. Helms in their annual reports.

PENNSY-GRAMS

Pittsburgh.—members of the eighth or Blue Ridge Division continued to flock into Pittsburgh today for the annual reunion of the organization. Registration of delegates was the chief work of the day. A smokewill be held tonight. The reunion will last five days. Many sightseeing trips and entertainment features are on the program.

Pittsburgh.—Just as she was about to enter her son-in-law's automobile Mrs. Eva Perlow, 48, was struck by another machine in Baum Boulevard and died on the way to a hospital. John R. Devitt, driver of the death car, was arrested and held for the coroner.

Pittsburgh.—That Pittsburgh is now free of the small pox epidemic which threatened to reach serious proportions is evidenced by the lifting of the bans affecting the Home at Woodville. Visitors will now be permitted at the two institutions as heretofore.

Scranton.—No trace has been found of Joseph Howard and William Fisher who escaped from the Pennsylvania Hospital for the criminal insane here Monday night by flourishing revolvers in the face of their keepers and forcing them to unlock the doors. Howard was serving a long sentence for a Philadelphia robbery while Fisher was implicated in a bank robbery at New Castle.

Philadelphia.—Miss Ruth Malcolmson has been selected as "Miss Philadelphia" to represent the city at the Atlantic City beauty pageant next week. Miss Malcolmson won the silver fish in the amateur beauty contest in last year's pageant.

Pittsburgh.—Robert Galloway, acting police lieutenant, is dead here, the victim of a bullet fired accidentally by a brother officer. A crowd in front of a saloon had attacked Patrolman Daniel Owens, and Galloway went to his assistance. Owens had drawn his pistol and it was accidentally discharged, fatally wounding Galloway. No action against Owens is planned.

HERE THEY ARE! 18 PAGES OF \$ DAY OFFERINGS OF GREAT VALUE

In today's Progress you will find the first installment of the Dollar Day offerings. And that these offerings are better than anything you have seen before goes without saying upon a perusal of the advertisements.

The Clearfield merchants have labored long and faithfully to make this Dollar Day one of the greatest the city has ever seen. That they have succeeded is apparent. That you will have many opportunities to save money is a foregone conclusion.

All that is needed now is for every bargain loving person within a radius of thirty miles to ask the weatherman to give us a fine day on Friday, and everything will be set for a great day.

The invitation is out for everyone who can get to the stores on Friday, to use every effort in getting there. The offerings are in the stores for the thrifty and the prices are a great deal lower than they have been on any Dollar Day since the inception of the event.

Clearfield merchants invite you to visit them on Friday. You'll save money by accepting their invitation.

Dr. Bailey, Harrisburg Doctor Held For Murder, To Get Hearing Monday

Harrisburg, Pa., Aug. 27. (INS).—Dr. Cornelius L. Bailey, prominent central Pennsylvania physician, will be given a preliminary hearing on a charge of murder in connection with the death of Mrs. Anna Manbeck, late this week or on Monday, District Attorney Fox announced. The shooting occurred June 1, when Dr. Bailey was found wounded at the same time Mrs. Manbeck was found dead in his office. Dr. Bailey has been in a hospital up until a month ago, when he was removed to the prison hospital.

Zeppelin ZR-3 Makes Successful Trial Trip; Built For U. S. Navy

Friedrichshafen, Germany, Aug. 27. (INS).—The giant dirigible ZR-3 built at the Zeppelin factory for the United States navy, made her first trial flight this afternoon. The dirigible took the air just before 3 o'clock for a test flight. A number of American naval officers have been here advising the Germans regarding the dirigible's construction.

"BACK TO BEARDS," CRY RECALTRANT SPOUSES; "SPITE BEAVERS" BLOOM WHEN WIVES BOB LOCKS

Washington, Aug. 24.—Seventeen male customers of a well-known and fashionable barber shop have announced that they will never shave again until their wives let their hair grow out. They will raise "spite beards" as a protest against bobbed hair.

"Bob your hair, and I will let my whiskers grow until they reach 'my shoes,' these rebel husbands warned, but their wives did not heed them. Now the war is on.

Randolph Green, social leader, pointed to a three-day beard today, declaring:

"It is there to stay. We are going back to the age of hair, course of a few months. We are going to organize on a 100 per cent basis, and fight against short hair in earnest. None but men suffering from an overdose of bobbed hair at home are to be admitted."

Theater Should Be Required to Measure Up to This Minimum Standard

By DEETS PICKETT, Methodist Episcopal Board.

Objectionable passages in plays that I have denounced have been deleted. It is better to let the producers clean up, if they will. However, merely temporary changes in dialogue and costumes should not allow indignation unless action can be taken under present laws which will deter theatrical producers in the future.

New York city should have a license system under which permits to operate theaters would be revocable for due and proved cause. It should be remembered that New York has the duty, responsibility and privilege of acting for the entire country in this matter. The New York theater is the American theater.

It would be absurd to expect the theater to conform to the standards which the Methodist church erects for its own communicants. There are standards of common decency, however, which are common to all Americans—Christian, Catholic, Jew and unbeliever. The theater should be required to measure up to this minimum standard.

The vast majority of stage people are self-respecting and clean-minded. They want decent scenes, especially the women of the stage, who should at the same time in their own interest demand a thorough house-cleaning.

Girl Scout Will Make Best Type of Citizen in Future City and State

By REAR ADMIRAL W. S. SIMS, U. S. Navy.

A girl who has had girl scout training will make the best type of citizen in the future city and state. She has been brought up with the idea of being useful in an intelligent way to her village, her town, her city, her state, her country.

Scouting emphasizes the domestic activities and interests of a girl's life. Many a girl has scorned her mother's kitchen until, as a scout, she has learned that it is not drudgery but "fun alive" to learn to cook a simple meal, and set the table correctly.

But, the old-fashioned mothers will say, "Good mothers have for centuries been trying to teach these homely accomplishments and instill these principles into their daughters." This is true, and it is to help the mothers in their important and unending task that the scout movement has utilized important and characteristic principles of modern education.

Progress Editorials for Women

WHY LEAVE PARADISE?

By FLORENCE DAVIES

Why do they leave Paradise, I wonder? Are we cruelly merciless if we sometimes tempted to wonder if memories lose a little, if, perhaps, in last year's job, or in that other organization there were not some slight imperfections?

Of course I'm not wondering about those who say they are so lately come from their home on a cloud. I'm talking about the people who are always clinging to the jobs they left behind them.

Those jobs, the school they taught in last year, the firm they worked for last or on the paper back home—"there it was perfect."

Well, then, one sometimes wants to say, "It was so perfect there and it's so faulty here, why did you leave? Why, in fact, should any one

ever leave Paradise?" Are we cruelly merciless if we sometimes tempted to wonder if memories lose a little, if, perhaps, in last year's job, or in that other organization there were not some slight imperfections?

There are even loving husbands, in fact, who seem to forget that mother ever burnt a bit, and young and forgetful wives who don't remember that father's allowance of spending money even ran short.

To be sure, the people who are but lately come from Paradise are just one variety of the well known genus called "knocker" or "lacker." All institutions, even a few many homes have them. They never like things as they are, and always found things

just a little better in the place they left behind them.

To be quite fair to these people suppose we admit that some of last year's job might be better than this year's job.

Granting this, there's just one course open to them. If Pa. advice lies down the road the other way, no sensible person would bid them linger where they are.

If the other job is so much better why not wave the friends with whom they labor a joyous farewell and depart for that better place?

But no, the knocker likes to stay and knock. For that they may not be forgiven.

No one has the slightest objection if dissatisfied people in any organization bow themselves out of sight and move on to the last or the next more perfect place.

Paradise, even an earthly one, is a spot which should by all means be eagerly sought out.

On the other hand, there is that rare but precious quality called loyalty. Today's job, today's employer, today's school, may not be perfect.

But feudal days are done, and no one binds us to our masters. If we can't believe in the thing we do and people we work with, aren't we but little better than pawns if we stay and tear down with bitter words at the same time taking the wherewithal by which we live?

One gets just a little weary of the people who know so much about a paradise which they seem oddly reluctant to seek.

BASEBALL DOPE

Patchler took Kowles' place in right during the latter half of the second game and gave his usual good account of himself. "Hit the ball every time up and was fast on the bases. He had one hard chance in the field and handled it like an expert.

The League President or those who represent him in arranging dates for our postponed games may not have intended it, but when they provided for seven or eight games in as many days it begins to look to a man up a tree as though someone did not care particularly to see Clearfield win the League pennant. It ought not to have been hard to fix dates for at least one or two of these postponed games some time before the last week of the season. We have to meet one of the other team in the League right tonight, while the other teams each have a day or two of rest in between.

Mr. and Mrs. John Lamanna and their daughter and sons after spending 10 days in Warren, Pa. with relatives have returned to their home in Clearfield.

Mrs. Mary Johnson, Mr. and Mrs. Harry Johnson and Alice Showalter drove over from Indiana on Sunday and took lunch with Mr. and Mrs. J. T. Norris.

Miss Jean Cramer is visiting her cousin, Miss Sarah Uzzell at Snow Shoe.

The most popular summer resort is. It's too hot to work today.

We would hate to be a bow-legged summer girl and always wonder if we were standing in the light.

Some people are so absent-minded they forget themselves.

It took six days to make the world and still some want to change it in one.

A man who doesn't know where he is going seldom gets anywhere.

Nothing hurts your luck like having it in for somebody.

The first three months of summer are the hottest.

Our idea of hard luck is a fat man at a dance on a hot night.

Never count your chickens before they return from an auto ride.

A pretty girl never likes to take her own word for it.

Looking for trouble is a fine way to lose your head.

People who sleep on sleeping porches should get up first.

We would hate to be a rich man's son and have to stay in trouble nearly all the time.

Money makes the mare go. It also seems to make the hair go.

The man who doesn't have to work much as well collect his life insurance.

One great objection to living in the country is you have to go to town for your vacation.

It's an unlucky fisherman who doesn't even catch one to be about.

An easy way to make a small boy take a bath is to paint a "No Swimming" sign on the bath room door.

Fish usually stay in water over their heads. So do human fish.

A man in love will do anything, but he usually does nothing.

Curwensville's Own Column

According to reports that have come down the river Monday's storm in the Chest Creek country must have been a whooper and in semblance a cloud burst. At Kermoor the storm was also severe and the water flood washed several buildings from their foundations and destroyed fields by washouts. It was reported that one man was caught in the water flood and was drowned, but the report was false. He was caught in the water and had not friends rescued by using a rope as a lasso he would have been washed into the river. The extreme severe loss by the flood. Reports upper end of the county also suffered from other sections of the county are that wind and water played havoc with property and buildings. Curwensville had a hard rain during Monday forenoon, but nothing to be compared with reports from upriver.

Little Leah Mae Hummel, a six-year old daughter of Mr. and Mrs. Dewey Hummel, Bloomington avenue, celebrated her sixth birthday Wednesday afternoon between the hours of two and five o'clock. Some twenty-five of her playmates and friends were present and spent the time in playing games, and other children's sports. A delightful lunch was spread by Mrs. Hummel which was heartily partaken of by the little ones. The small hostess was the recipient of a number of presents from her friends, which will long prove a pleasant reminder to the little lady of her sixth anniversary.

A spicy hearing was held at the office of Justice Dale acting as burgess in a case of Borough vs. James Rider yesterday afternoon. The charge being disorderly conduct on last Saturday night. Attorney Kramer represented the defendant. An appeal from the justice's decision was taken and will possibly end in a court trial.

Guy Yaccabucci, who was operated on at a DuBois hospital last week is home slightly improved.

The American Legion auxiliary in their efforts to increase their Memorial Tablet Fund have planned a cake walk at the American Legion rooms this coming Saturday evening. We are all interested in this important matter and ought to be present to partake of the home made cakes such as our ladies will have for this affair.

Mr. and Mrs. Joseph Conrad and two children Wava and Ruth, and Mr. and Mrs. Bloom Caldwell and son motored over to Penns Cave on Sunday and spent the time in taking in the strange sights there.

Messrs John and Allen Facemyer of New Bethlehem, were guests of Mr. and Mrs. C. E. Doverspike yesterday.

Corliss Kirk, a former native of the Grampian Hills, now located at Alliance, O., was a town visitor yesterday, having come into this section of the country to see some relatives.

G. Grant Woods, one of the old-timers and former business men of Grampian, now located near Philadelphia, circulated among Curwensville friends yesterday.

The family of August Martioia, thru the medium of the Curwensville letter, wish to thank all who rendered assistance during the death and funeral of the father, John Martioia.

John Reese, of South Orange, N. J. spent several days in Curwensville this week. He formerly conducted a drug store here.

Mrs. James Taylor, of Williamsport, was a visitor at the home of her brother R. G. Bilger a few days

HORSESHOE PITCHING
R. W. Kinkaid of the N. Y. C. R. R., and J. Easton Ross of the Electric Supply Co., represented their teams in their opening horse shoe pitching contest last night at the Witmer Park courts and it resulted in each man winning one game before darkness came upon them. The third and deciding game will be played Thursday evening promptly at 6:30 when it is expected each man will have a partner at the other stake. Robinson Clay Products and Clearfield Machine Shops will hold their contest Friday at 6:30, at least two members of each team should be present to hold up the horseshoe pitching record of their respective teams.

Mr. and Mrs. George McCullough of Pittsburgh are spending their vacation with Clearfield relatives. Mr. McCullough is shipping clerk for McCroery & Co., and is prospering finely in the "Smoky City" like many other Clearfield boys.

Mr. and Mrs. R. L. Jimeson and son of Donora, Pa., are Clearfield visitors, renewing old acquaintances at present.

Little Charles Pearce, son of C. A. Pearce of Ogden avenue, ran into an auto yesterday in front of his home. He escaped with a slight cut.

HORSESHOE PITCHING
R. W. Kinkaid of the N. Y. C. R. R., and J. Easton Ross of the Electric Supply Co., represented their teams in their opening horse shoe pitching contest last night at the Witmer Park courts and it resulted in each man winning one game before darkness came upon them. The third and deciding game will be played Thursday evening promptly at 6:30 when it is expected each man will have a partner at the other stake. Robinson Clay Products and Clearfield Machine Shops will hold their contest Friday at 6:30, at least two members of each team should be present to hold up the horseshoe pitching record of their respective teams.

FRIDAY
IS
Dollar
Day

Dollar Day is always popular with the people living in this city and in the surrounding territory but this time we are making this occasion the greatest in the history of the store.

We have made wholesale cuts in the prices of everything in the store—disregarding first costs—our only object being to maintain our qualities and give you better values than we ever have done.

While we do not mention any special items in this advertisement, we have trimmed our windows with the specials and if you will drop down this way you'll find some of the greatest offerings in the city.

Look for our window display.
Look for our bargains.

SECOND DAY
OF INSTITUTE

(Continued from Page One)

woman. 2. Where woman dominates and rules the man. 3. Where each is equal having his or her own sphere of action and helps the other. He named the following factors, which tend to spoil our American girl:—1. Snobishness of parents. 2. Too much attention to appearance. 3. Girl Cliques. 4. Joining a sorority in college. The following is his plan for a girl's life. 1. From 1 to 14 years, go through the grades. 2. From 14 to 18, go through high school. 3. From 18 to 22, go through college. 4. From 22 to 25, start out to make a life career. 5. From 25 to 30, home making period. 6. From 30 to 35, go through vocational career.

Dr. Bryan then continued his discussion of the solution of the real educational problem, which is the "Human Problem" by emphasizing the place of institutions and the relations of individuals to them. His thesis was that supreme values never reside in any institution, but in human beings. The German system of education almost wrecked civilization because it placed supreme emphasis on an institution and made the individual a mere servant of the state. Institutions are never ends in themselves, but only means of making men and women. He showed that we must use the institutions of organized society as means for higher ends. The fundamental question to determine action in organized society is "Do the methods I propose to use

make for the health of organized society?" You have three choices of action. 1. Better the conditions by reform. 2. Conform to present conditions as far as possible. 3. Go against them and suffer the consequences.

At the afternoon session, Dr. Puffer occupied the first period continuing the subject "The Boy and His Job." His four methods of self-discovery for the boy are: 1. Reading lives of great men. 2. Counseling with worthy men. 3. Study of our family tree. 4. Get wide experience and then follow dominant interest.

Miss Bragg then took up the subject of Story Telling and developed it by showing the steps necessary in the preparation of the story before attempting to use it in the school. Her discourse was very practical and helpful to the teachers.

Dr. Bryan's lecture on the "Un-Arrested Development." He showed the falsity of the proverb, "It is never too late to be what you might have been" and stated it thus "It is always too late to be what you might have been," but, "It is never too late to be what you may be." He showed very forcibly how many of us are the victims of arrested development, physically or mentally. He emphasized the importance of the nascent periods in the child's life. "A four year old child can do a four year old job better than a fourteen year old boy or forty year old man."

Dr. Bryan's lecture on the "Unfinished Task" in the auditorium last night proved a real treat to those who came out to hear him. He showed very forcibly what we learned by the World War and what is neces-

sary to finish the task. We have learned—1. Real values are not material but spiritual. 2. A true spirit of brotherhood among all people. 3. We must find another way to untie world knots than by wars. 4. God works through human agencies.

EAST END PLAYGROUND
VISIT PHILIPSBURG

A goodly number of the live boys and girls from the East End playground made a visit to the Philippsburg playground Tuesday afternoon and enjoyed several hours of play and swimming at the community playground in that city. A real baseball contest between two boys' teams, the members of whom averaged 12 years of age, was witnessed by a crowd of enthusiastic rooters, the locals getting the "short end of the stick," losing out 13 to 2. As the East End boys had little practice playing regular baseball, playground ball being the popular game in Clearfield, they were unable to field as well as their opponents. They promised to "turn tricks" on the return match at the home grounds on Thursday afternoon.

After the baseball game the boys cooled off in the outdoor swimming hole which they enjoyed so much that the next and closing event was delayed for a time. The volleyball contest was a heated battle throughout, but the East End playground boys succeeded in taking two out of three games and were declared the victors. The position of the sun had much to do with the breaks in the game.

Philippsburg playground will visit the East End playground on Thursday afternoon, the ball game starting promptly at two o'clock, and the locals plan to entertain the visitors royally;

Miss Mary Lynch, of Osnoda, who will teach the Columbia school the coming term, is in attendance at the Teacher's Institute.

Mrs. William Bitter, of Blanchard, who is a surgical patient at the Clearfield hospital, is improving nicely.

Mrs. Melvin Schenk left today for Toward, Centre county, where she will join Miss Dorothy and attend the Schenk reunion which is held Thursday.

Samuel Schenk and sister Marjorie are visiting at Toward, Centre county and will attend the Schenk reunion.

WOMAN'S GOLF

The Women's match golf tournament for the Douglas cup was played at the Country Club yesterday.

Mrs. Shillingford defeated Mrs. Wm. Powell.

Miss Janet Smith defeated Mrs. Babcock.

Miss Kathryn Bowes won by default.

Miss P. B. Reed defeated Mrs. Ganoe.

Tomorrow the finals will be played.

they expect a large crowd of rooters to help them win the game.

Memorial to Harding in Kansas Wheat Field

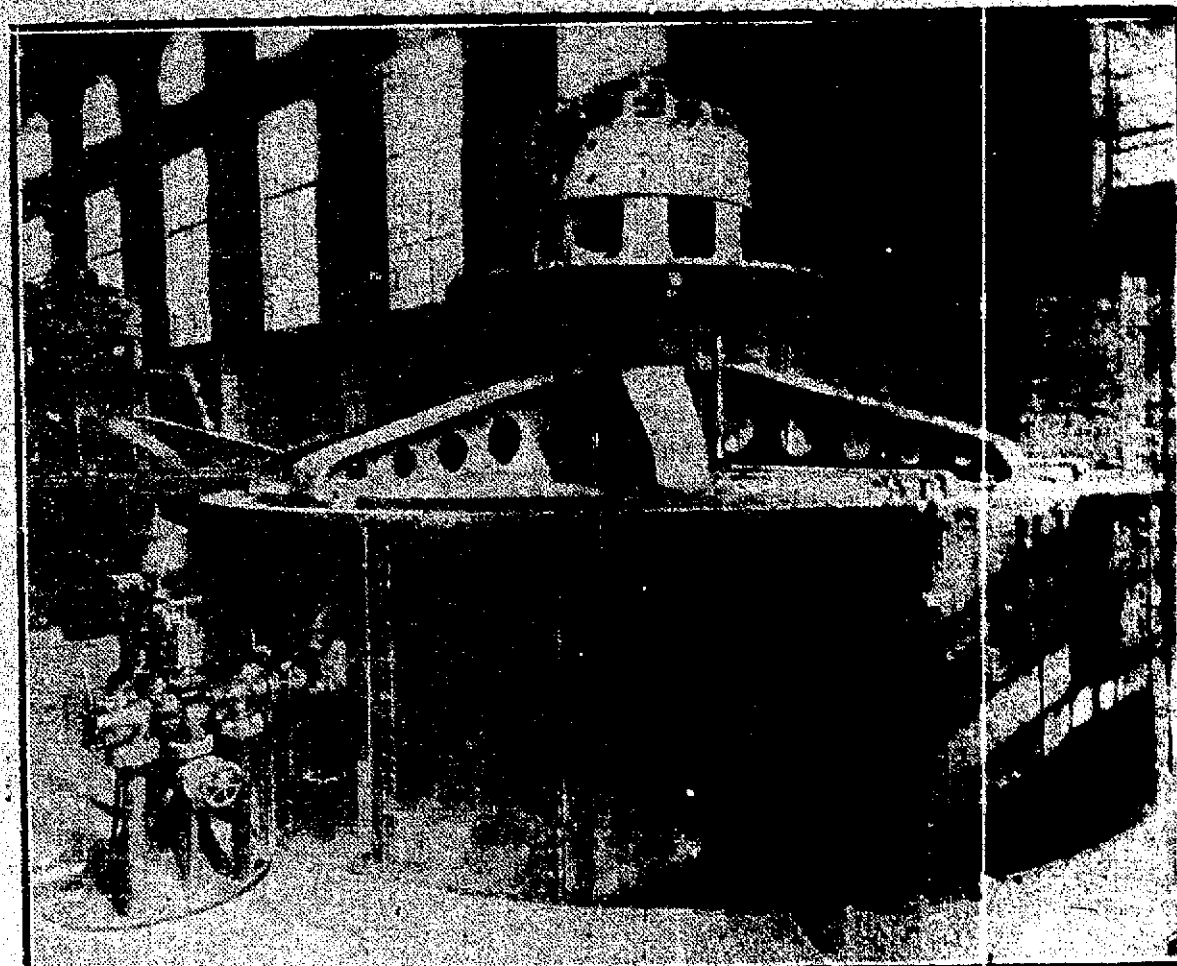

A year ago, while on his way to San Francisco where he died, President Warren G. Harding turned a "dirt farmer" one day at Hutchinson, Kas., and shocked wheat. On the spot where the late president handled his last bundle of wheat has been erected a monument (upper), paid for by contributions from school children. Elizabeth Humphries (lower right) then 11, recipient of a kiss from the chief executive during his visit, yelled the monument. In the lower left Harding is shown as a "dirt farmer" on the spot.

Kept Promise!

It's beginning to look like James E. Ferguson's promise to his dog is going to come true. When "Jim" was impeached as Governor of Texas eight years ago, the dog, then only two years old, seemed disconsolate as the rest of the family in leaving the capital at Austin. "Never mind," Ferguson told him, "you'll live to see the Fergusons in the governor's house again." And now Ferguson's wife, Mrs. M. Ferguson, has won the Democratic gubernatorial nomination and her fight for "Jim's" vindication. And since Texas is a Democratic state, her nomination practically means election. Here "Ma" Ferguson is seen with "Jim's" dog.

Man O' War Great Sire, Too

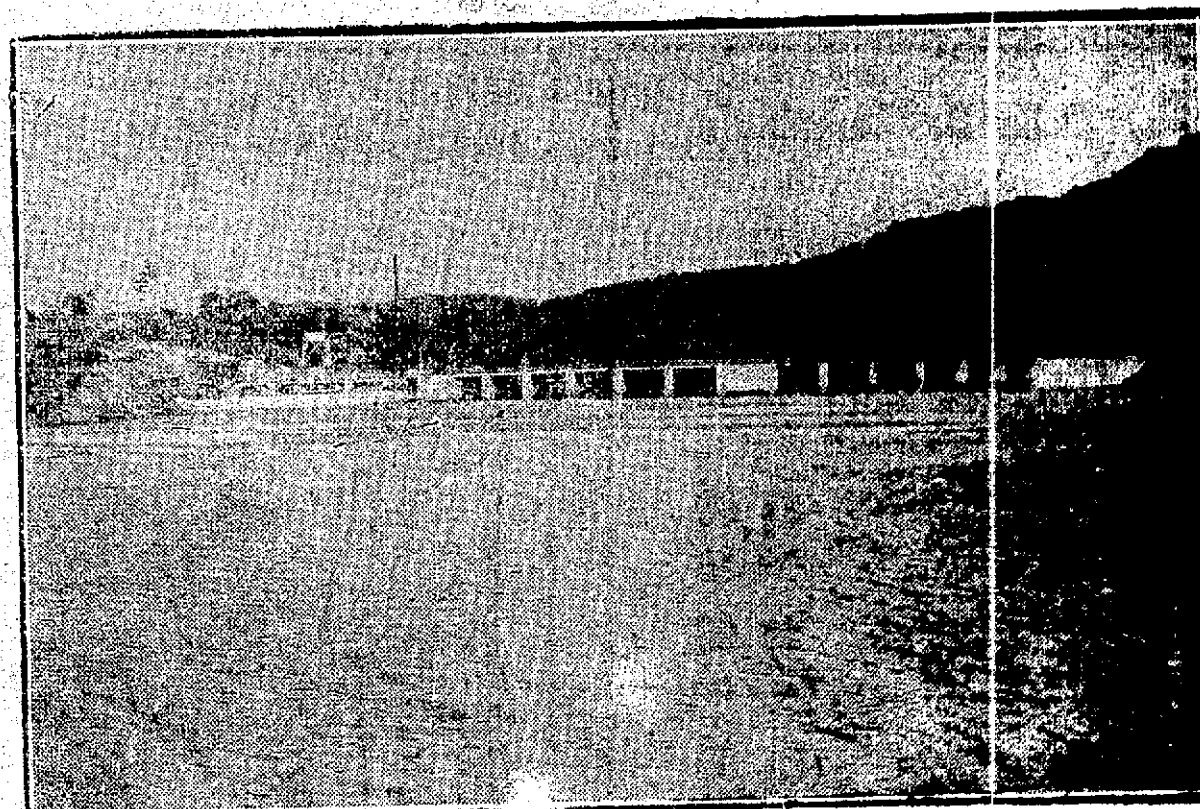

Great as a thoroughbred, Man O' War, retired three years ago, is gaining new honors as a sire. This year the first set of the great runner's progeny broke into active competition. The results have been astonishing. American Flag, Maid-at-Arms and By Himself, all sired by Man O' War, have scored brilliant victories in the east.

Biggest

The biggest candidate in West Virginia this year is Squire Opie O. Karnes, who tips the scales at 400 pounds. Squire Karnes has served the people of Mercer county for eight years and his reputation has grown to be consistent with his size. Now he is a candidate for re-election.

Fauver Pitched Two Masterful Games

Life in this C. & C. Baseball League pines Fenton and Rittenhouse, the of ours is and has been somewhat or more or less complex and contrary. Manager Mike Palm started in the the past three months, or the last field for the enemy while Gilday ex-month at least. Old Jupe Pluvius and has infamous water wagon upset our celled at the bat. Robinson did some sensational field- plans for games in the local ball yard ing at short for our side. several times and when such disaster The score:— occurred it sure was some hard job to get back on the program for a home game. In fact it got so hard that we haven't been able to see the locals in action since about the time "dog days" began. And while we don't be- lieve in signs or omens, those that do say dog days began on July 29th last. However, and be that as it may, that is all over and done with now, and our games are falling much thicker, and faster than dollar subscriptions are disappearing into the contribu- tion box of the La Follette-Wheeler cam- paign fund. We sulked in our tents, gnashed our teeth in impatient rage through all the lean and hungry days our own had been rarin' to get at them, but at that were hardly prepared for the feast of eight games visited upon us in a row, when those responsible for sandwiching these remaining post- poned games in along with the reg- ular schedule kindly arranged to have us play Philipsburg Saturday last, Osceola Monday, a double header with Philipsburg Tuesday, Osceola here again Thursday with another game for good measure on Saturday.

After being called upon to tick the stuffin' out of Philipsburg and Osceola all these many times during this week the team, fresh from these numerous encounters is then called upon to step up and take a double barreled wallop at DuBois, which team we must beat out for the League championship. That is not such a strenuous ten day scramble, but with but three pitchers working it is some job, too. It sort of looks as though we are being hand- ed something now, don't it, by heck? At any rate we had two dandy ball games out of it today, so we should carry. The Philipsburg team, with Mike Palm at the helm was the piece de resistance. We found the enemy a "tough old bird" in the opener and our own went down to defeat by a 3 to 0 score, in one of the snappiest and best played games of the season. Hancock pitched for the 'Burgers and our own were unable to do a thing with him. Ever ball they hit went right straight into the waiting paws of one of "Handy's" helpers and they simply eat 'em alive. Their infield was extra peppy, and pulled off no less than three snappy double plays. Rex Fauver, who was "discovered" by the sports writer of the Philips- burg Ledger twirled for our own and except for the third inning when an error in the infield and three singles scored three runs, was invincible. The game was played in 1:40 min- utes and with all due respects to um-

and game with Fauver and Hancock again essaying the pitcher's role. Philipsburg went out in order in the first. Shultz opened the second with a long double to left. Townsend fanned but Gilday doubled and Shultz scored. The two Cragos singled in the third but nothing came of it. They shoved another and their final run across in the fifth on Gilday's second double and B. Crago's single. That ended their action as but three men an inning faced "Old Reliable" (with apologies to Atlas) for the remainder of the game. Rex appeared to get stronger as the game progressed and looked able and willing for nine innings more. Hancock did not fare so well and while he let our own down with one single in the first, he began to wobble in the next session. Shaulis, Peterson and Lansberry each singled in this frame but both base running lost us a run. The score was tied in the third on singles by Robinson, Bailey and Shaulis and a base on balls to W. Fauver. That inning finished Hancock, and Manager Palm sent Jones, the school boy phenom into the fray to start the fourth. Peterson, the first man to face Jones, got a base on balls. In attempting to sacrifice, Lansberry put up a pop foul, which the hard- working Gilday made a fine catch of. R. Fauver singled and Peterson was caught at the plate. "Little Mac" doubled and came home on Robinson's single. Bailey scored Robinson on his single and a little help from Shultz. W. Fauver got his second base on balls but was out stealing. Jones pitched good ball from here out and should have got by without another

CLEARFIELD WINS SECOND

After a ten minute intermission the two teams lined up again for the sec-

score against him but hard luck pur- sued him and our own piled up two more runs in the seventh on a couple of errors, a single by Peterson and a double by Lansberry, who by the way is playing bang up ball just now. Mc- Closkey was given his base on balls in the 8th. Robinson's hard liner flew straight into Townsend's paws and Mac was doubled at first. Bailey end- ed our chances for more runs by going out on a long fly to center. The final score was, Clearfield 6; Philipsburg, 2. Again, may it please you, the um- piring was good, although Rittenhouse strained our personal relations by call- ing McCloskey out on a foul strike, alleging Mac was out of his box when he hit the ball. Gilday also pulled a Hawk Run assist, when he tipped Peterson's bat as he landed on one of Jones' offerings. Pete was given a hit on the interference.

Fox superior to Wildcat.

A fox has five times as much courage, five times as much intelligence, and five times as much personality as a wildcat, says Herbert Ravenel Lass, in Harper's. The fox is so clever, so resourceful, that he can afford to be bold and take chances. And, if by chance he is overbold and gets into a tight place, he relies on his wits to get him safely out. The wildcat refuses to take chances, not only because he is a coward and is afraid of the risk, but also because he has not brains enough to be able to take chances with a fair degree of safety. He survives by avoiding all avoidable hazards, keeping out of dangerous places. But the fox survives in much greater num- bers, although he is constantly run- ning unnecessary risks.

A Guarantee of Greater Economy and Comfort

The Brougham

The Chrysler Six goes to new lengths in low center of gravity and perfect weight distribution. The result is steadiness and solidity not found even in two-ton cars of previous design. Such a feature as this, when combined with the Chrysler Six special six-ply, high-speed balloon tires and the Chrysler-Lockheed hydraulic four-wheel brakes, adds immeasurably to the comfort of the ride.

No car has ever been equipped at once with so many valuable features effecting economy as well as performance as the Chrysler Six.

Take the oil filter as an example, an exclusive Chrysler Six feature. Every 25 miles of driving the crankcase oil is automatically cleansed and purified. Think what this means in economy as well as in motor life and motor efficiency.

It is by no means merely a question of reducing oil consumption. Oil freed of all grit and abrasive matter can do no damage to moving parts. The mechanism is kept clean and healthy, which means greater freedom from repairs and longer life.

So it is with the air-cleaner, another valuable Chrysler Six feature which purifies the air drawn into the carburetor, removing harmful and destructive particles. Familiarize yourself with these Chrysler Six features, including the new combustion chamber and the new spring suspension. Then let us arrange for a demonstration.

We are pleased to extend the convenience of time-payments. Ask about Chrysler's attractive plan. Dealers Everywhere.

Boils

THERE is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S.S.S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit power! S. S. S. builds blood-power, it builds red- blood-cells. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It fights pimples! It fights skin eruptions! It always wins! Mr. V. D. Schaff, 557 15th street, Wash- ington, D. C. writes: "I tried for years to get relief from a bad case of boils. Everything failed until I took S.S.S. I am now absolutely cured, and it was S.S.S. that did it."

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Howe's Jewellery Store

Twenty-one years ago this business was founded by the late William W. Howe and because it was founded upon the highest ideals of business integrity it was continued to prosper and expand.

Since Mr. Howe's death the business has been carried on by Mrs. Carrie Howe and it is a high tribute to the memory of the founder that the ideals upon which it was founded have been so high that the business has not only been carried on but has been expanded steadily.

Only the finest kind of jewelry for personal adornment may be found here, and when the fads and fancies of fashion come along you will always find them here first. The stock of plated ware, cut glass, leather goods, ivory toilet articles are always kept up to a very high standard.

Our watch, clock and jewelry repair department is under the supervision of a skilled mechanic whose services are always yours for the asking. Efficient service, expert workmanship and reasonable prices have made this section of the store known for miles around.

WHY IT WILL PAY YOU TO TRADE IN CLEARFIELD ESPECIALLY ON DOLLAR DAY

Eight years ago Dollar Day was first started in Clearfield. At first it was an annual affair. Then, upon popular demand, it became a semi-annual affair and has so continued ever since. And now comes the 1924 Fall Dollar Day with its myriad of saving opportunities for every one who lives within a trading radius of Clearfield.

Dollar Day, in most communities, means a general clearing of the stores of OLD merchandise. In Clearfield it is not a clearing out of old merchandise but most of the offerings are made, either from regular stocks of staples or is an event of selling special purchases made for the occasion.

Many of the Clearfield merchants have made special trips to the markets of the country for the purpose of buying specially priced merchandise of quality for the event.

A feminine voice was heard from the steps of a crowded car: "Oh, get in, dear, some one will give you a seat." The next moment two young women entered. The men in the car were on their mettle. They read papers sternly. Those who had no papers closed their eyes and pretended to slumber. The too-certain women glanced down the car in vain. The car went on for half a mile, and then a man alighted. "There's a seat for one," said the conductor. "Don't take it, dear," said one of the young women. "Some man will give you a seat." In the moment of defeat she stepped in.

CLEARFIELD YOUTH HELD IN ACCIDENT WHICH MAY RESULT FATALLY FOR GIRL

Monday evening's Philipsburg Journal has the following to say of an automobile accident in which a local young man figures:
"In addition to the severe body bruises which she received when struck by an automobile Sunday evening, Thylma Hoy, 21 years old, has a fracture at the base of the skull, the Philipsburg State hospital reported to the authorities this morning. John before Thomas Bryon, justice of the

peace, the 18-month old baby who was injured at the same time, is recovering. His injuries were not serious.

"The accident happened along the state highway near the Hoy home at Point Lookout, a Buick truck running down the girl and baby as they were walking along the road.

The driver of the car was Samuel Wade McLaughlin, aged 23 years, of Clearfield and employed in a Philipsburg hardware shop. It is said the car was driven down front street at high speed and was presumably going at a fast clip when it struck Miss Hoy and the baby.

"David Hoy, father of the girl, made information against McLaughlin, charging him with operating a motor vehicle while under the influence of liquor and failing to render assistance following injury to another.

At the hearing given McLaughlin before Thomas Bryon, justice of the

peace, he pleaded guilty to the charge of being under the influence of liquor and witnesses testified he had failed to render assistance to the injured as required by law.

Should the girl's injuries prove fatal, a charge of manslaughter against McLaughlin will likely follow. As a result he will be taken to Bellefonte jail this evening and held awaiting developments.

The companions were with McLaughlin at the time of the accident.

The Pig and Whistle Shop

This shop where the inner man, or woman, is catered to, is one of the most unique in the city. Named after one of the old English inns or ale houses made famous by the immortal Dickens, it carries with it an air of distinction.

Getting away from the fashioned methods of Dickens' time, this Pig & Whistle Shop of modern times, caters to the modern demands for the inner man.

Candies of the finest kind are always to be had here in boxes and in bulk. A huge soda fountain is always catering to the thirsts of the Clearfield and vicinity folks. One feature of the old-time Pig & Whistle Shop that this modern Pig & Whistle Shop continues is the wonderful roast beef sandwiches that are always to be had.

Of course, keeping abreast of modern time the restaurant always serves something new and different in the way of delicacy on every menu. Sometimes it is one thing, sometimes another but ALWAYS something which will make the most delightful meal or lunch.

Woods Offer Materially.

Woods are chosen not only because of their special fitness for a certain piece of furniture but equally as much because of their accessibility. There were long periods of cabinet making when mahogany was out of vogue, simply because market conditions made it almost impossible to obtain it. Just as today, mahogany is an accepted highlight of the furniture world because the makers can rather readily obtain it. Oak, walnut and maple are considered more fit furniture than the chestnut, cedar, cypress and pine of a few centuries, because they are more adaptable to the cabinet maker's hand. Then, too, beauty of grain, working qualities and necessary hardness or softness of the wood determine the use for different types of furniture.

Her Lover's Mean Trick.

A new law came to our school and I soon let him know that I was his for the asking. But he never asked. One day our teacher was late in coming because of a heavy snowfall. The school was in an uproar, everybody trying to think up something more rash than the neighbor. Suddenly something fell in my lap. Sure enough it was from my hero. It looked like a piece of washed chocolate candy. I gave him a adorable smile and started to eat the supposed candy. He had extracted the filling and placed chalk, colored chalk, into it instead.—Chicago Journal.

Scute the Doorman.

They are telling a story at the Army and Navy club at Washington of a certain officer who is quite nervous. It seems the other night that he went to call on some friends in an apartment house on Sixteenth street, and when he arrived he saw what in the dim light seemed to him to be a full general, an admiral or some other high ranking officer, and being mindful that the provisions of making salutes only mandatory on the field had not yet gone into effect, he snapped into a military posture and smartly saluted. The salute was answered, but it turned out afterward that the officer in question had a on the army sign of recognition to the gorgeously costumed doorman of the apartment house.

Does Your Back Ache?

Bad Backs Bring Suffering to Many Clearfield Folks.

Is that dull, constant backache making you tired and miserable? Does your back ache and ache until it seems you just can't keep going? Do you suffer from headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness. Dr. Doan's Pills—a stimulant diuretic to the kidneys. Dr. Doan's are recommended by Clearfield. Mrs. Martin Hughes, 423 W. Pine St., Clearfield, says: "There was a steady ache in my back but it was worse when I stooped because then, I got a sharp catch and it was hard to straighten. Mornings my back was lame and sore. My kidneys acted sluggish. Doan's Pills from Woodward & Johnson's Drug Store cured the backache and regulated my kidneys. I haven't been troubled since." Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Hughes had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Get The Habit Of Eating Lots Of

THORN'S PEANUTS

You'll find that eating Thorn's Toasted Peanuts isn't a hard habit to get used to. They're fine hand picked Virginia peanuts to start with and we have a way of toasting them that brings out all the flavor of the nuts.

Keep some in your room to eat before going to bed. Special "Teachers' Size" bags for you this week at

THORN BROS.

Mr. and Mrs. Roy Confer and sons, Lee and Dick and Mrs. Beman left last Thursday to motor to Akron, Ohio, where they will spend a couple of weeks.

Mr. and Mrs. Samuel V. Border and Mr. and Mrs. Bruce Patterson motor to Penn's Cave on Sunday. Miss Grace Kline, of the Kurtz store force, is out on her vacation. Mrs. C. T. Kurtz is entertaining a luncheon today at the Country Club in honor of her sister, Mrs. Breck of Pittsburgh.

Mexico's Largest Pyramid

The pyramid at Cholula, west of the city of Puebla and about 80 miles southeast of Mexico City, is the largest in Mexico. Its base is 1,400 feet square and the altitude is 200 feet. Its volume is 150,000,000 cubic feet. This pyramid in Mexico has a greater number of cubic feet of masonry, although it is not so high, than the great pyramid in Egypt.

Use for Old Horseshoes. At Trowbridge, England, may be seen an immense pile of old horseshoes which have been collected in small consignments from various blacksmiths. They weigh in the neighborhood of 120 tons, and sometimes the pile even exceeds this amount. These old horseshoes are particularly suitable for making down for wire mesh, the most having been tempered to just the right hardness by the heat of the forges' hoods and wear and tear of the roads.—Wale World Magazine.

Highly Prized Decoration. The British Victoria cross, given for conspicuous bravery, was instituted in 1856 on the close of the Crimean war, and was given to citizens who had borne arms against the Indian mutineers. In 1911 the decoration was extended to the Indian army. A bar may be awarded for an additional act of bravery. With the decoration is a pension for noncommissioned officers and men of £10 (£50) a year, with an addition of 15 (£25) for each bar.

Gossip for Tonight's Tea Table

Mrs. Margaret O'Rourke, Mrs. Mulrooney, Mrs. J. L. Shillenn, Mrs. Malloy and Mary Catherine Malloy, attended the meeting of the Catholic Daughters of America at Philadelphia on Sunday.

Miss Esther Stranburg, of Johnsonburg, is visiting her sister, Miss Mable Stranburg, who is on special duty at the Clearfield hospital.

Mr. and Mrs. Cecil Bloom, Miss Luckey and Miss Truby took dinner Sunday evening at the Water Street Inn.

Miss Minnie McCordle is here visiting her sister, Miss Beulah McCordle, and attending institute this week.

Mrs. Mary Mitchell motored home from Greensburg on Saturday night, where she entertained the boys of the American Legion with her marvelous singing. Among the former Clearfield people who gave her a cordial welcome to Greensburg were the Crocks, Heighbeigers and Mauchs.

Why It Will Pay You To Trade In Clearfield

The Dimeling Hotel

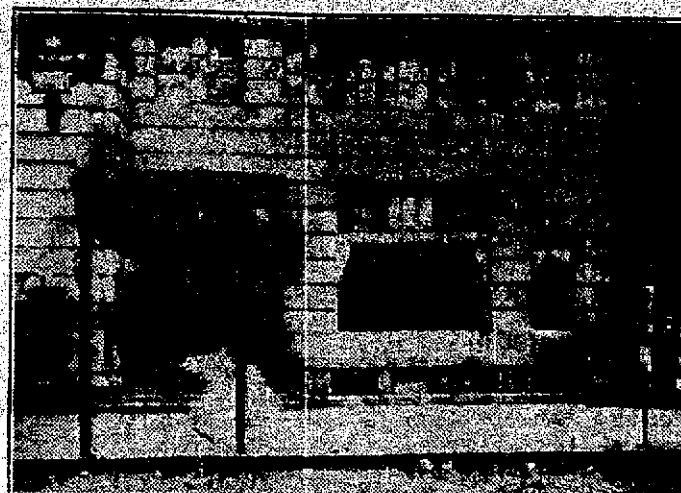

One of the finest hostleries in this section of the state is the Dimeling Hotel. There is a homelike atmosphere about it that is apparent as soon as you step inside the doors.

The hotel has been refurnished all thru and the sleeping rooms now present the most homelike atmosphere possible to the traveler.

Keeping in step with all the modern hotels in the land, the Dimeling Hotel changed on August first from the American to the European plan. This enables the traveler to rest if he wishes, eat as he wishes and is not tied down by rule of thumb.

Mr. McGarry, the present manager, is a hotel man of wide experience and acquaintance. This has brought many folks to Clearfield as they know a warm welcome awaited them from "Mac."

Truly a "traveler's home", the Dimeling is now ranked among the hotels in many larger places in the country and since the advent of the tourist over the Lakes-to-Sea Highway, its fame has spread far and wide thru the land.

Continued from Page Four

will be offered to you. You will find that your neighbor has been attending these Dollar Day events for the past several years and has been reaping the benefits of the bargain offerings.

It is immaterial where you live these days of good roads and quick transportation via the automobile. The automobile has made neighbors of us all and you will find that even a couple of hours spent in driving here and driving home again will be time well spent.

You will find that you have been more than paid for the gasoline and oil you have spent in coming. You will find that the merchandise that Clearfield merchants have to offer you will be up to the usual standard of Clearfield quality at prices much lower than they could possibly afford to make to you at any other time.

STARTING ON FRIDAY AUG. 29TH AND LASTS UNTIL SATURDAY SEPT. 6TH

Starting Friday, August 29 and continuing until Saturday, September 6, we will offer to the people of Clearfield and vicinity our large stock of seasonable merchandise as well as our new Fall goods that have been arriving daily at prices never before heard of—even lower than pre-war prices. Men's, women's, children's clothing, shoes, hats, caps, trunks, bags, furnishings, etc.

At the end of these 9 big days of price slaughtering we will move to our old quarters on Market Street that have been undergoing alterations for the past three months. Our contractor has notified us that we can move in September 6, therefore rather than move these goods to our new quarters we are going to give you the benefit in price cutting.

Below we give you but a brief outline of the hundreds of bargains to be found here. Let nothing keep you away from this big double event—and come early, too, for the getting of the particular size and color that you want may be just a matter of minutes.
